School district voters to decide fate

Saturday: D-day for trustees

BY JIM BRADLEY

ANP Staff Writer

Should Romulus School Board members Gerald Budd, Gordon Silvey, Gloria Chandler and Ronald Christensen be recalled?

That's the question voters of Romulus will decide when they go to the polls this Saturday.

Saturday's recall election was brought about when a determined number of residents felt their wishes were being ignored by the school, and especially by the four trustees facing ouster.

Originally there were five recall petitions being circulated, the fifth one against trustee Jack Bath,

former vice-president of the board, who resigned in December. Mike Woods was appointed to replace him.

The two remaining trustees, Shirley Lombardi and Wayne Avery, stood steadfast against eliminating busing last fall and have not been named in the recall petitions.

It was the elimination of busing, which seemed to trigger the recall drive. But, even when busing was restored, supporters of the recall drive renewed their efforts and gained far more than enough signatures on petitions to bring about Saturday's election.

Three reasons have been listed on

the ballot for recalling Budd, Silvey, Chandler and Christensen. Above each of the four trustees' names on the ballot reads: "Reasons for demanding the recall of (Trustee's name)."

Below that, the reasons given are: "1. He (she) failed to maintain and/or promote the physical integrity of the above school district. "2. He engaged in, or condoned coercive methods in an attempt to obtain passage of millage.

"3. He condoned beyond necessity in cutting necessary service; which resulted in a detrimental effect of the health and safety of the students in the above mentioned school district."

All four trustees facing recall charge that "the three reasons given are to general and vague to even respond to."

In fact, the four had not even responded at all until last week when they gave a signed statement to the Romulus Roman, the same statement printed on the ballot as "justification for his conduct in office."

"We definitely feel that this is politically motivated," said one of the four trustees.

On the other hand, the Romulus Roman was contacted by several persons who had taken petitions around to be signed. "That is not the truth at all," one caller claimed, emphatically.

"I took petitions around to be signed and just as many Oakley backers as Trout supporters signed the petitions. For that matter, no one even mentioned either man's name," the caller claimed.

The trustees are using the cry of "politics" to cloud the issue, the caller emphasized.

Another normally simple matter has become a bone of contention - restoration of 12 programs cut last fall.

Monday night, the board tabled action on the recommendation of the citizen advisory committee to restore the dozen programs. Their action was reminiscent of that taken Feb. 13 when the board delayed voting on the matter to have time to study them in depth.

School Board member Avery said he checked with city assessor Dave Krause and found that the state equalized valuation (SEV) figures for the Romulus school district presented by Supt. James Garfield and those given by Krause showed a variance of between \$20-\$22 million.

Garfield was not present at Monday night's meeting because of illness. Asst. Supt. Marvin Fischer estimated the \$22,000,000 SEV would be worth approximately \$300,000 in taxes to the Romulus School District.

Avery then moved to table action on restoring the 12 programs until next Monday night, Lombardi supported it and the motion passed unanimously.

"It's not that we don't want to restore the programs," Avery said. "We do. But we also want to be sure that we have enough money to pay for them."

Saturday's election will settle the recall issue once and for all, and school business can get back to normal.

Polls at the city's 19 precincts will be open from 7 a.m. until 9 p.m. Saturday. Clerk Leonard Folmar said anyone wishing information about the recall election should call his office at 941-0666.

On the inside

Youths get CAP award

Two Romulus youths recently received the Billy Mitchell Award, one of the highest honors bestowed on cadets in the Civil Air Patrol. See story and photo on Page A-14.

Troupe visits Mt. Pleasant

Students at Mt. Pleasant Elementary School in Romulus were entertained royally Feb. 16, when a troupe of travelling drama students from Eastern Michigan University paid a call. See story on Page A-12.

South Jr. High honor roll

More than 300 students have been named to the honor roll at Belleville's South Junior High School, with 18 recognized for their outstanding academic efforts during the third six-week session of the first semester. Find out who on Page A-4.

New movie is reviewed

State-wide recognition for voc ed

Romulus High School has gained statewide attention for its role in vocational education. Heading the program is E. L. Sheffield, director of Career Vocational Education, who says that the senior high offers a variable and extensive vocational education program. "Other school districts around the state have requested to visit our facilities throughout the school year as a means of using Romulus

as a model for initiating some of their own vocational programs," he said. Romulus High School recently showed a film strip of its program to State Dept. of Education officials and they were so impressed, they had numerous copies made to send to school districts around the state of Michigan.

Property values up

Most residents get tax boost

Some 10,470 notices went out from Romulus City Hall Monday and Tuesday notifying local property owners of the change in their assessment. More than three-fourths will receive a tax increase.

The reassessment was held last year as a result of the city charter which stipulates the evaluation must be done every eight years.

City Council voted in January, 1977 to contract Wayne County Bureau of Taxation to do the job at a cost of \$80,814.50.

The notices sent out to each Romulus property owner compares last year's state equalized value with this year's state equalized value, which is up an average 9.1 percent.

City Assessor Dave Krause said if

any notice has the wrong name, or if the property owner feels a mistake has been made, they should contact the city assessors office at 941-0666.

Because it has been such a long time since Romulus has had its property assessed, most owners face a tax increase. Many homes have increased in value from 25 to 30 percent, Krause pointed out.

Of the 10,470 property owners notified, 2,469 had their taxes decrease, Krause said.

But nearly 8,000 face an increase ranging from a few dollars up to \$300, based on last year's millage rate, which costs the taxpayer \$63.96 for each \$1,000 of state equalized valuation (SEV).

The new assessed value represents 50 percent of fair

market price, according to Krause. According to the report, here's how the assessment went:

—2,551 property owners had their SEV increase from 0-\$1,000.

—2,398 had their SEV increase from \$1,001 to \$2,500.

—2,025 increased from \$2,501 to \$5,000.

—1,027 increased more than \$5,000.

The Board of Review will hear taxpayers from March 13-23.

Former city director

Clayton Meldrum dead at 58

Funeral services were held at Baum Funeral Home Friday afternoon for Clayton W. Meldrum, former director of the building and safety department in Romulus. He died Feb. 21 in Southgate after a prolonged illness at the age of 58.

Services were conducted by Rev. Gerald Stokes, with interment at Michigan Memorial Park, Flat Rock.

Meldrum was a candidate for mayor in 1975, finishing approximately 500 votes behind James C. Stewart and Terry L. Troutt in the primary. He was a member of the Romulus Planning Commission from 1974 to 1976 and was involved in the planning of the new international terminal at Metropolitan Airport.

Hired by then Mayor Hyle Carmichael, Meldrum served in the building department from February 1971 until August, 1973. He was instrumental in preparing rules and regulations for electrical, plumbing and heating codes, and updated city codes for the growth of mobile homes.

Meldrum worked for the Romulus Community Schools from September, 1973 to January, 1976 as foreman of maintenance.

"He was a valued employee while he was with the city," said City Clerk Leonard Folmar. "He did quite a bit to get the department organized."

He was honored both as a serviceman and as a civilian for heroic acts of bravery in saving the lives of two men. During World War II, Meldrum won the Silver Star for saving the life of an officer. As a civilian, he won the Carnegie Award for pulling a driver from a burning truck which exploded seconds later.

Survivors include his wife, Margaret; a son, James Gent of Romulus; four daughters, Mrs. Ronald (Nancy) Daniels of Belleville; Donna Heimberger of Romulus; Mrs. Tom (Connie) Ward of Texas; and Linda Bacon of Brownstown; five brothers, five brothers, Charles, of New Baltimore; Clarence, of Cheboygan; Leo, of New Baltimore, Bud, of

Marine City and Clifford, of New York; 10 great grandchildren and one great granddaughter.

CLAYTON W. MELDRUM

Husky club will sponsor 'Fun Match'

The Siberian Husky Club of Southeastern Michigan will hold a fun match and obedience trial for AKC-registered Siberian Husky puppies and adults March 5 at Westland Center, located at the corner of Warren and Wayne Roads in Westland.

Entries will be taken at 12 noon that day, and judging will begin at 1 p.m.

Classes in conformation will include puppies from two months and under, adults and litters of two or more puppies. Obedience trials classes include sub-novice,

novice, graduate novice and open. Ribbons, trophies and photographs will be awarded to all winners.

Phyllis Rader will judge the conformation and junior handling classes, and Bob Sedlock will judge the obedience entries.

Dogs with major AKC points are not allowed at the fun match.

Entry fees are \$3 for one dog, \$1.50 for the second entry and 50 cents for junior handling.

For further information call 574-0574 or 576-4465.

56 to televise live Opry performance

For the first time ever, country music's most venerable institution, the Grand Ole Opry, will be televised live from Nashville.

This historic broadcast, Saturday at 7 p.m., is the kick off to Festival '78, public television's major annual awareness and fund-raising campaign, March 4-19.

"Live From the Grand Ole Opry," which will be repeated later at 11:30 p.m., will feature some of the biggest names in the country music field. True to Opry tradition, no one knows more than 48 hours in advance exactly who will perform, but the 20 to 30 acts will be drawn from the Opry's roster of regular performers.

At 6 p.m., Channel 56 will present another edition of the popular series, "Austin City Limits." This program will feature the Texas Playboys, who will entertain with their own special brand of Texas Swing, and Ernest Tubbs

and the Texas Troubadours who will provide good old-fashioned, foot-stomping music.

An hour-long tribute to the late Hank Williams follows the first Opry telecast at 10:30 p.m. Jim Owen portrays "Hank" in this remarkable one-man

show. And for those country music fans who can't get enough, the special repeat showing of the "Grand Ole Opry" from earlier in the evening, will start at 11:30 p.m. and run to 3:00 a.m., rounding out a night-long nine-hour salute to country music.

Close Encounters

UFO investigator wants to hear from you

By MAUREEN CAMPS
ANP Staff Writer

If you've had a "close encounter" with an unidentified flying object (UFO), or seen an unexplainable object hovering around the Belleville-Romulus area in recent weeks, there's a UFO investigator who wants to hear from you.

And he promises he won't laugh at you, or call you a crackpot, or file your report in the wastebasket like some others might.

He is Dr. Harry Willnus, a Romulus High School history and government teacher who is also an authorized investigator for the Illinois-based Center for UFO Studies run by Dr. J. Allen Hynek.

Hynek is considered the foremost authority on UFO investigations, and he and his center are interested in the reported sightings that local authorities and the federal government either don't want to hear about or don't know what to do with.

According to Willnus, who has taught at Romulus High School for 17 years, and has been investigating

sightings for about four years, the area is having a "flap" of UFO activity.

The area from Toledo up to Brighton has experienced numerous sightings in the past few weeks, at least three in the Romulus-Belleville area alone, Willnus said.

Now that the popular film "Close Encounters of the Third Kind" has brought UFO sighting reports out of the closet, he's hoping that people will talk about them.

In the past, persons who've seen the unexplainable have many times been afraid to report them to anyone. Scorn and laughter were oftentimes the response that those individuals received.

He is asking that if you have seen something in the past few weeks, to write down details of the experience and send them to him, care of the Romulus High School Social Studies Department.

Persons with "close encounters," meaning a sighting within 500 feet, will probably be interviewed by him.

He asks that details be included to tell the time and date, location,

duration of the sighting, weather conditions, size of the object compared to a full moon, if there were any other witnesses, where it was viewed from, and what you actually saw. Include your name, address and phone number in case he needs to follow it up.

Willnus writes up these episodes and sends his reports to the Center for UFO Studies in Illinois.

Willnus became involved in the UFO phenomena after he saw Dr. J. Allen Hynek interviewed on the Dick Cavett television show about four years ago. He had been interested in reports of UFOs since he was a child, and when Hynek said he was

going to open the center, Willnus wrote and volunteered to help.

Willnus carries an identification card from the center that states he is "technically qualified and is authorized to conduct UFO sighting investigations."

Willnus said he has never seen an unidentified flying object, but he knows they're out there and "I'm 150 percent convinced we're being visited."

He said that years ago, the government used to "supposedly investigate UFOs," but stopped in 1969. Even before that, they did a poor job, Willnus said.

Their current sightings in the

Romulus area began about three weeks ago, he said. He was driving home from work one evening and was listening to WJMR radio, where listeners were calling in some sightings. One of those sightings came from a disc jockey driving to Metropolitan Airport in Romulus, and his call was put on the air, Willnus called home and managed to get part of that description record.

Willnus said he also recently interviewed two park rangers, assigned to the Metropark in the Romulus area, who gave him a vivid account of a sighting on Feb. 8. They estimated they were about 150 yards away from the object, which

hovered at tree level and emitted several colored lights. Willnus described their attitude as "awestruck."

The job as UFO investigator is strictly voluntary, he said, and his own interest is purely based on curiosity in explaining the unexplainable. He firmly believes that it won't be long before there is "positive proof" of the phenomena.

Already there are some 1,300 landing traces that have been recorded, he said. A landing trace is physical evidence of the nearness of UFOs, such as broken branches, indentations on the earth, or burn marks.

THE ROMULUS ROMAN

Page A-3

Mary Ann Banks: Natural in authoritative role

By JIM BRADLEY
ANP Staff Writer

More and more women are taking a leadership role in community affairs.

Some do it militantly with an air of defiance. Others fit in naturally, assuming their role of authority while maintaining their feminine characteristics.

Among the latter is Mary Ann Banks, a novice political figure who garnered the most votes of any candidate in last fall's election.

In rolling up the highest vote total in both the primary and general elections in her first try for office, Mrs. Banks earned the right to chair the City Council.

A very personable, vivacious lady of 45, Mary Ann not only accepts her role as leader of the council, she relishes the position.

In a recent interview, she spoke freely of her ideas and convictions concerning city government and its relationship to the people.

She also listed some of the most pressing needs of the city, as well as defining her dual role of working mother and Mayor Pro-tem.

During the day, she is a secretary at Hale Creek Elementary School in

Romulus where she works for Principal Art McPharlin. Her duties there keep her in constant touch with the workings of Romulus Community Schools and helps her achieve an overall picture of the city as a council person.

Her husband, Bob, is manager of the maritime division of Osborn Trucking Company of Taylor. The Banks have three grown children, Diane, 19, who works at FX Coughlin Co. in Romulus; John, 22, who works full-time at AM General in Wayne and will soon complete his studies at Henry Ford Community College; and Marilyn, 24, a graduate of the University of Michigan.

Her children, like Mary Ann, graduated from Romulus High School. Mrs. Banks graduated from high school in 1950 and later attended classes at Henry Ford Community College in Dearborn.

After graduation, she worked as a secretary at the old Kaiser-Frazer plant at Willow Run. Mary Ann was married to Bob May 24, 1952 and looks forward to her 26th anniversary.

She breaks into a big smile when asked where she met her husband for the first time. "Well, he was dating my girl friend when we first

met and I kind of admired him from afar," she laughs. "Then he noticed me, I guess, and the rest is history."

Dressed in a smart two-tone brown pants suit and wearing long, dangling golden earrings, the new Romulus Council president enjoyed her large salad as she free expressed her desire to see her city attain its potential.

"I feel the main objective is to run the council in a fair, impartial manner," she began. "To permit not only council members an equal opportunity to speak, but to give administrators a chance to give their input as well as citizens who may wish to speak to an agenda item."

Having grown up in Romulus, Mary Ann has a pretty good picture of what has gone on in the past -- and what she'd like to see happen in the future.

In fact, it was probably her long residence in Romulus which prompted her friend to urge her to run for city council just about a year ago.

"I was first asked to run for council in January or February of last year, but I dismissed it as the

"I was first asked to run for council in January or February of last year, but I dismissed it as stemming from the admiration of a friend."

However, when the friend persisted, Mrs. Banks said she talked it over with her husband and children and they were very enthusiastic about her running for council.

Finishing first in both the primary and general elections gave her a sense of great joy. "Having worked in others' campaigns in the past, I know something about winning an election, but there's nothing like the feeling of being the winning candidate yourself," she said.

"I appreciate all the help my volunteer campaign staff gave me and all the hours of hard work they put in."

Mary Ann was active in community affairs long before seeking political office. She served in numerous charity organizations, including March of Dimes, United Foundation and Muscular Dystrophy. And she has been actively involved in the Parent-Teacher Guild of St. Aloysius Catholic School in Romulus, and is a past president of that group.

The conversation then turned to the needs of the city.

"We need to revitalize our city in a manner which is not only pleasing and practical to us as residents, but also to those who come into our city everyday," she pointed out.

She listed the widening and lighting of Wayne Road as a major priority. "This section of Wayne Rd., E. Corse to Goddard, is heavily travelled and has several businesses. It also has the entrance to I-94 expressway, is the location of our high school and provides the main route to one of our elementary schools."

She cited her hopes that a senior citizens housing program will soon be completed and the refurbishing of existing city parks.

"I believe if the legislative body (city council) cooperates with and works closely with the administration, we can accomplish much for Romulus. Not only in the way of better environment for our citizens, but to promote industry and business and to encourage homeowners to stay in Romulus and feel they are in a community that cares."

Mrs. Banks admitted that she is still becoming acclimated to city government and is sure that she will always be learning.

In the few hours of leisure and recreation she has when not busy with work and city business, she keeps very active.

Trim and athletically inclined, she bowls, golfs and goes snowmobiling with her husband. When asked her bowling and golf scores, she laughed out loud. "Just say that no one would be envious of my scores."

Her favorite hobbies include sewing, amateur art and reading.

Her parents, Philip and Cecelia Renke, recently celebrated their 52nd wedding anniversary, are lifelong residents of Romulus and are active in the city's senior citizen program.

Mary Ann's two brothers, Phil and Roy, and her sister, Genevieve, still

abide in Romulus. Her only other sister, Pat, is a secretary for the State Department and is employed in the American Embassy in Bogota, Columbia, South America.

Mary Ann and her husband visited Pat during their vacation last summer.

Mary Ann Banks, and her husband, Bob, posed for a picture in Bogota, Colombia, where they were visiting her sister, Pat, last summer.

Area youths plan poolside Heart benefit

Belleville area youngsters will "Swim for Heart" on March 4, dipping and diving into the Belleville High School pool to raise money for the Michigan Heart Association.

Sponsor of the swim event is the South Wayne County Heart Information Center, the Michigan Heart chapter that serves the area including Belleville, Romulus, and Van Buren and Sumpter Townships. President of the chapter, and head of this fund-raising effort, is Belleville resident Dr. S. Phillip Grillo.

The "Swim for Heart" is a state-wide event to supplement the funding of the heart information centers, which offer community services, education and aid research in heart disease.

Many local students, from elementary to high school grades, will take part. Right now, those participants are busy getting pledges from sponsors who will promise to donate a certain amount for each lap the youngsters swim.

The students will swim for a maximum of one hour, between 9 a.m. and 1 p.m. on March 4. Spectators are welcome to cheer their swimmers on in the pool area, Grillo said.

Depending on the skill and experience level of the swimmer, the students may go 10 to 100 lengths. Grillo said he has contacted swim coaches to enlist their help in informing youngsters of the event and in supervising the swimming. Coaches will be volunteering, along with Heart Association volunteers, to time, record and supervise the students.

Grillo added that some adults are getting into the swim, too, and that their participation is welcome.

Even if you're not going to jump into the pool yourself, you too can give a hand to the cause by signing up to sponsor the swimmers. Your swimmer will come back after the event to collect your pledge.

Although the Michigan Heart Association gets some funding from the United Foundation, fund-raising drives such as these are important as supplements to keep services up for area residents, Grillo said.

He added that he hopes to raise between \$1,500 and \$2,000 through the "Swim for Heart."

The information center that covers this area has offices in Wyandotte. Residents in the service area are offered services such as CPR (cardio-pulmonary resuscitation classes), a speaker's bureau, films and slides on heart disease such as hypertension, classes on past coronary care and pamphlets on a whole range of heart problems.

Grillo added that he hopes to have between 70 and 100 swimmers on hand for the fund-raiser. As an incentive to the students, prizes will be offered in two age groups to those collecting the most money in pledges.

The two age groups will be those youngsters 11 years old and younger, and those 12 and older. In each age group, three prizes are available, Grillo said. First prize is a transistor tape recorder, second is a portable AM-FM radio and third prize is an instamatic camera.

Similar "Swims for Heart" events are going on at Trenton and Wyandotte high schools, Grillo said. He personally is donating a television set as top prize for the one person out of the three areas who raised the most money in pledges. Grillo said he urges area residents to heart disease such as hypertension, classes on past coronary care and pamphlets on a whole range of heart problems.

Off and riding

"Trail boss" Carl Morris handed off the first "saddle bag" to "route rider," Fred Hay as a kick-off of the Community United Methodist Church's Pony Express stewardship campaign. Each saddle bag contains the names of 10 families in the congregation on the route. The

family will fill in an estimate of giving card, place in the saddle bag and hand carry it to the next family. Hay took his duty seriously, saddling his horse, Zephyr Arabius, for the promotion. (Photo courtesy Jim Enshammer).

'Special' planned for trip

A private tour of the White House will highlight the 26th annual Cherry Blossom tour of our nation's capital April 7-9.

According to tour director Gene Wertz, the visit to the White House has been arranged to bypass the long lines for the public tours. It was arranged by Congressman John Dingell.

Other highlights of the

Washington, D.C., trip will be the Capital Building, Arlington National Cemetery, Smithsonian Institute, Lincoln and Jefferson memorials and many other famous and historical sites.

The cost of the trip is \$230 per person, double occupancy. The cost covers air fare, hotel accommodations, ground transportation, meals, admissions,

luggage handling and gratuities.

The annual tour will leave Detroit Metropolitan Airport on April 7 and return from the East Coast on April 9.

Those interested in joining the tour can contact Gene Wertz at 729-4000 for further information.

Reservations are limited and will be taken on a first-come, first-serve basis.

Church uses Pony Express in drive

More than 93 members of Community United Methodist Church of Romulus will become saddlebag-carrying "trail bosses" and "route riders" this week and next in their church's Pony Express stewardship campaign.

The Rev. Mr. Floyd Ellison, pastor, said the campaign this year is based on the same concept as the Pony Express of more than a century ago—teamwork.

Roger Smith, general manager of the campaign, said 10 leaders of the church have been designated trail bosses to supervise the relaying of the saddlebags to each of the church's families on Pony Express "run" routes.

Each saddlebag bears the names of 10 church families on the run route. A family fills in an "estimate of giving" card, seals it in an envelope and inserts it in the saddlebag, which then is hand-carried to another family on the route.

"We decided to use this unique approach because we believe stewardship campaigns should be exciting and pleasurable, in addition

to having their serious moments," he said. "And, many dedicated members of the church are hesitant to solicit pledges from their friends and neighbors. With this Pony Express program there are no solicitations and no pledges."

The Rev. Mr. Ellison explained that each member is asked simply to estimate the amount he or she will be able to give to the church during the coming year.

"Each family makes their decision in the privacy of their home, without any over-the-shoulder 'supervision' of someone from the church," he said.

He added that the Pony Express theme was chosen because of the example set by the highly dedicated riders of the original Pony Express.

"In addition to the personal commitment, the secret of their success lay in their ability to work as a team—each rider dependent on the other to make the relay system work and speed the mail on to its final destination," he said.

Top South JHS honor roll

18 recognized for academic achievements

More than 300 students have been named to the honor roll at Belleville's South Junior High School, with 18 recognized for their outstanding academic efforts during the third six-week sessions of the first semester.

Awarded 4.0 grade point averages during the marking period were seventh graders Rodney Fisher, Christopher Hall, Anne Krafve, Brock Nigg, Sandra Streetman, Gregory Sturtz and Thomas Uminski; eighth graders Ricky Baker, Todd Bos, Edward Carnahan, Steven Koss, Michael McNally, Lynne Posegay, Billie Roberts, Thomas Steiger, Cindy Streetman and James Wertz; and ninth grader Holly Fitch.

Also named to the honor roll

Work guide offered

An easy-to-understand booklet on working now is available through the Michigan Employment Security Commission (MESC).

The booklet, "MESC's Beginner's Guide to Work", may be obtained through any MESC branch office and has been provided to libraries around the state, according to S. Martin Taylor, MESC director.

"We published this booklet as a service for young people," Taylor said. "Moving from the familiar world of classes and textbooks to the unfamiliar world of full-time work is a major life change. We think this booklet will make the change a little easier."

"We expect it to be a helpful addition to high school counselors' offices, as well."

The booklet offers MESC's general preview of many of the expectations employers are likely to have of new workers and what they, in turn, can expect from their employers.

It discusses the job contract, attendance, on-the-job behavior, employers' obligations and payments to employees.

It also includes a glossary of 73 terms widely used by workers and supervisors, each briefly defined in accordance with common usage. Some sample definitions follow:

"Garnishment: A legal attachment to an employee's wages to pay a debt owed by the worker to someone other than the employer."

"Job posting: Listing of available jobs, usually on a bulletin board, so employees may bid for promotions or transfers."

"Open shop: Generally, an establishment where union membership is not a condition of employment."

Spelling champs

THE RECENT Savage School spelling bee contest resulted in two victory smiles from the winner and runner-up. Top school's speller is Craig Cholette, (left) son of Mr. and

Mrs. Charles Cholette of Carmell Road. Runner-up spelling champ is Susan Prohaska, daughter of Mr. and Mrs. Edward Prohaska of Martinsville Road.

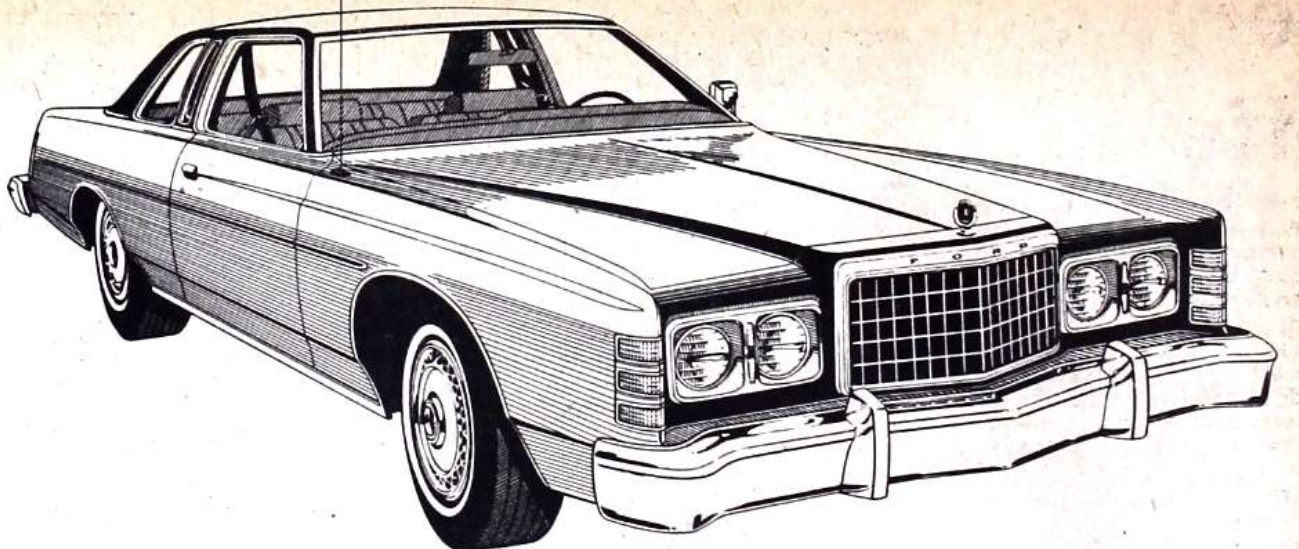

Stubbs Singers set to appear at church

The well-known and popular group, Tony Stubbs Singers, will appear this Sunday morning at the new Lighthouse Assembly of God, located in downtown Romulus at the old city hall building, 36572 Goddard. They will present a lively Gospel song program, designed for all ages.

The Pastor, The Rev. Howell Kelly, has extended an invitation to those who enjoy sacred songs to attend the service, which will begin at 10 a.m. and continue until 12 noon.

This is the first of many Gospel groups that will be at the church during 1978.

Soil survey report for county available

Wayne County officials have announced the availability of the first Wayne County Soil Survey Report since 1902.

Officials say the report will be a "tremendous aid" to builders, engineers, planners, farmers, zoning boards, architects, industrialists, environmentalists, scientists and others involved in land use decisions.

Announcement that nearly 3,000 copies of the 200-page report are now available was made by Donald D. Juchartz, director of the Wayne County Cooperative Extension Service, and Joseph Luellen Jr., district conservationist with the Wayne County Soil Conservation Service, U.S. Department of Agriculture.

"This report should be in the hands of all people making land use decisions because it can help

prevent costly mistakes in land development and save time by providing comprehensive pre-planning information," Juchartz said.

The report describes 41 different types of soils, ranging from sand to clay, and their locations in Wayne County. It includes a previously-unclassified variety found near Belleville and, therefore, named Belleville loamy fine sand.

"We are urging interested individuals to get a copy from their local library, but anyone involved in public land use decisions or major industrial, commercial or residential development is encouraged to contact the Wayne County Soil Conservation Service in Westland for a free copy," he added. Juchartz said the soil report

contains information that can be applied in managing farms and woodlands, in selecting sites for highways, pipelines, access roads, ponds, housing, and other structures; and in judging the suitability of tracts of land for farming, industry and recreation.

"This report helps pinpoint the limitations of various soils so that developers, for instance, won't build a dense subdivision on land with excessively high water tables," Juchartz added.

Luellen said the publication of the report climaxes a seven-year effort to survey and analyze the soils of Wayne County.

"The major field work for this soil survey was completed in 1973 by the Wayne County Soil Conservation Service and the Michigan

Agricultural Experiment Station at Michigan State University," Luellen said.

Half the \$120,000 cost of the survey was granted by the Wayne County Board of Commissioners with the balance underwritten by the Department of Agriculture and MSU.

"Following the creation of the Wayne County Soil Conservation District in 1969 (a state-funded agency), the Board of Commissioners recognized the importance of this survey to the future growth of the county and agreed to provide partial funding," Luellen added.

Luellen said when the field work, which covered 363 square miles, was completed, soil experts began a detailed analysis of the soils — including a comparison with national and international soil information. The results of that work, along with recommendations for use of the various soils, is contained in the new report.

"In the past, all the soil knowledge we had wasn't written down in any one place; most of it was in our heads," Luellen pointed out. "Whenever someone wanted to buy a piece of land for possible development or farming, an on-site soil investigation had to be performed to find out if it was suitable."

"Land buyers still will have to do on-site investigations for specific

purposes — but the big difference is that they won't be wasting a lot of time looking at unsuitable land. They will be able to go to the report and get detailed, well mapped pre-purchase information — and not spend a lot of time looking at land that doesn't meet their needs," he said.

The report also contains information for health officials, sportsmen, and wildlife enthusiasts.

For further information, contact the Wayne County Soil Conservation District, Holliday Park Office Plaza, Room 103, 8623 Wayne Road, Westland 48185.

Seniors' meets set

Belleville area seniors will hold three meetings during the month of March, because of the Easter holiday.

Tomorrow will be the birthday and anniversary meeting, with special

honors going to Harold and Ethel Cullin, who will be celebrating their 60th wedding anniversary. Cake and ice cream will be served.

The meeting will be at 6:30 p.m. at Edgemont Elementary School, 125 Edgemont, Belleville.

Ma Bell seeks input on information calls

Michigan Bell has launched a statewide consumer program asking telephone customers what they think is the best way to solve the problem of soaring Directory Assistance costs.

David K. Easlick, Michigan Bell president, announced that the program will include open public forums and meetings with consumer organizations and other community groups throughout the state.

"This is a new kind of effort by our company to find out what telephone customers themselves would prefer be done about a serious problem that we share," Easlick said. "Directory Assistance isn't free, it's really very costly and today everybody's paying the same for it whether they use it a little, a lot or not at all."

Easlick said customers will be asked to express their opinion on two options.

One would be to retain the present method of spreading the costs of Directory Assistance evenly among all customers regardless of how often they use it.

The other would establish a charge for Directory Assistance based on usage. This second approach would result in lower monthly bills for most customers while heavy users would pay more than at present.

Easlick pointed out that 21 other states have adopted charging plans and that nine out of 10 customers are saving money as a result.

In contrast, because all Michigan Bell customers currently share equally in paying for Directory Assistance, the \$27 million expense of providing the service in 1977 actually cost each customer about \$8.40 for the year.

Easlick said if a charging plan were put into effect it would not apply to handicapped persons who have difficulty using telephone directories. He said Michigan Bell has worked closely with organizations representing the handicapped to develop a simple, dignified method of exempting them. Calls from coin telephones also would be excluded.

He added that a charging plan would not be designed to increase Michigan Bell revenues. The company would benefit, he said, because a charging plan would tend to check the growth of Directory Assistance usage.

"The main purpose simply would be to redistribute the cost of Directory Assistance so that only the heavy users would be charged while most customers would save," he explained. "And an important point is that the savings refunded to customers would come primarily from less operator expense and less capital investment — not from the charge itself."

Easlick said the cost of Directory Assistance has spiraled upward from \$4 million in 1960 to last year's \$27 million and predicted that the expense will more than double to \$55 million in the next five years.

"It's a serious cost problem, our customers ought to know about it, and we want to hear from them what they think ought to be done about it," Easlick said.

He noted that Michigan Bell had twice been turned down by the Michigan Public Service Commission on proposals to charge for Directory Assistance.

Easlick said he was certain Michigan Bell could satisfy any earlier concerns that had been raised about a charging plan.

"The experience in the other states shows that a charging plan works," Easlick said, "and our own studies show that it's a small number of customers who are making most of the Directory Assistance calls."

Although Michigan Bell has not decided to ask the MPSC for a charging plan, Easlick said the company would be guided by what it hears from customers in response to its new consumer program.

Series studies greens

"Endangered Plants" will be presented at the nature center of Kensington Metropark near Milford on March 11 at 9 a.m.

According to the Smithsonian Report of January 1975, about 3,000 of our native plants are either endangered or threatened. This amounts to about 10 percent of our native plant species. Why are these plants in danger? Why are they important? Why are any plants important and vital to our existence? These and other questions will be considered by Naturalist Pat Carlson through the use of slides and discussion. The Endangered Species Act of 1973 also will be discussed.

This 1 1/2-hour program is for families and individuals only. Advance registration is required.

Drugs' service offered

Senior citizens 60 years of age and older are eligible for free medication under a new drug service program initiated by the Wayne County Senior Day Center, 2345 Merriman Road, just north of Michigan Avenue.

According to Joe Ostafinski, coordinator for the center, the free drug service program is being made possible with the cooperation of the World Medical Relief Inc.

He requested that senior citizens interested in the program register in advance, to determine their eligibility at the center, between 9 a.m. and 4 p.m. daily or to call him at 326-9228.

The central business office is located at 35540 Michigan Ave., West., Wayne, Mich. 48184. Office hours in Belleville: Monday, through Friday 8:30 a.m. to 4:30 p.m. Phone: 941-1275 for Romulus, area 313. Central office hours Monday through Friday: 8:00 A.M. to 5:00 P.M. Phone 729-4000.

Classified advertising calls at 729-3300 and circulation calls at 729-4000 during central office business hours.

Subscription rates by mail: second class postage paid at Belleville, Mich. 48111, \$12 per year in Wayne County, \$14 per year outside of Wayne County. Carrier delivery \$1 per month, collected on a monthly basis.

Associated Newspapers, Inc., retains ownership of local news items and advertising copy which it helps create or reproduce in its columns and such cannot be reproduced by others without permission.

In addition the The Romulus Roman, Associated Newspapers also publishes the Westland Eagle, Wayne Eagle, Belleville Enterprise, Canton Eagle and the Inkster Ledger-Star.

Editorial opinions

National no-fault

What do you think?

The United States Senate Commerce Committee will soon vote on legislation to set national standards for state no-fault auto insurance plans. That vote will determine if the entire senate will have an opportunity to vote on this important consumer legislation, and if no-fault insurance will take effect in all states.

The no-fault legislation now in the commerce committee, was originally introduced in the Senate by the late Sen. Phillip Hart of Michigan in 1970.

Sen. Hart's original legislation was not acted on, and in 1971 he reintroduced the measure in a modified form with Senators Warren Magnuson of Washington as co-sponsor. But, it was not until 1975 that the no-fault concept began to gain support.

In April of 1977, identical no-fault bills were introduced in both houses of Congress. The new bills had evolved from Senate Bill 354 and House Bill 9650, which had died in the preceding session of Congress.

The renewed effort in Congress to gain support for no-fault auto insurance legislation follows the 1977 study of no-fault by the U.S. Department of Transportation. That study, conducted on the basis of the experience gained by the current 16 states now operating with some form of no-fault auto insurance, concluded that "no-fault was a success."

While the Department of Transportation's study pointed out problem areas with no-fault as it is currently being applied, the report concluded that none of the problems were conceptual; rather they were in the application of the concept.

The hearings scheduled to begin this week by the Senate Commerce

Committee on no-fault auto insurance will explore those problem areas and attempt to resolve them.

But, within the volume of material to be utilized by the commerce committee, very little deals with the problem that the average insured motorist runs headon into when he is involved in an accident.

The average motorist must carry some form of deductible collision coverage on his auto as an economic consideration. Since under no-fault, if the insured party does not carry collision coverage, his auto will not be covered in the event of an accident regardless of who was at fault, no-fault does impose an economic hardship on the motoring public.

We feel that some modification of the no-fault concept is in order.

It is both unfair and unreasonable to burden the motorist with the economic necessity of carrying collision coverage on an auto that may not be worth even the cost of the collision coverage, but could not be replaced.

We feel that provision should be included in the proposed national no-fault legislation that would provide for the damage done to an auto, that was not the fault of the owner.

Horror stories abound concerning the substantial loss of revenue experienced by auto owners who may not have been in their auto when the accident occurred.

What do you think?

If you have a story about the way you were treated by an insurance carrier operating under provision of Michigan's no-fault auto insurance, drop us a line and let us know about it.

Now is the time to let your lawmakers in Washington know how you feel about no-fault auto insurance.

School board recall

On Saturday, March 4, the citizens of Romulus are being asked to go to the polls and vote on the possible ouster of four school board members.

The culmination of more than four months work by citizens of Romulus who feel that the four current school board members have been unresponsive to the community, the recall election will provide the residents of Romulus with an opportunity to affirm or deny support for past and present school board action.

While we fully support the right of the citizens of Romulus to force the four school board members to stand for a vote of confidence, as it were, we urge each and every resident of the community to study the issues involved, and to then vote in a manner that would be in the best interests of the community at large.

To that end, we make the following observations:

The job of school board member is probably, hands down, the most thankless task devised by man.

The school board member's job is never short on responsibility, or long on praise, and the life span or length of time that a school board member stays in that position is very short.

Dealing with the future of the community's children, often without the assistance of the community, it is a difficult task at best.

Parents are always on guard lest their children be given less than their due, but those same parents are

usually much too busy to attend important meetings, where important decisions must be made.

While this is no way should be considered a suggestion that the residents of Romulus should not vote in favor of the recall, citizens should remember that the task given to the school board members is not an easy one.

Often in the past, school board members serving without any compensation have reacted poorly, but understandably, to the pressures of the job.

Voters going to the polls on Saturday the position of elected board members.

If you feel that the four school board members facing recall have deliberately violated the public trust, then the answer is obvious. Vote for recall.

If, on the other hand, you feel that the board members have made an honest attempt to find a solution to the problems facing the Romulus school system, but have simply come up short, maybe you should vote against recall.

The answer, as always, is in your hands.

Romulus is your community. It will be your decisions on Saturday, as well as your decisions in the future, that will guide the city either forward or backward.

Make those decisions carefully.

From Romulus City Hall

Important energy message from the Mayor

Dear Romulus Resident:

As I am sure you're aware, the country is facing an energy crisis as a result of an 83-day-old coal strike. To prepare for the possible resulting energy shortage, Romulus hosted a meeting last Monday with representatives of Detroit Edison and elected officials from several surrounding communities. At that meeting, the Edison representatives explained "EMERGENCY ELECTRICAL PROCEDURES" (EEP), ordered by the Michigan Public Service Commission because of potentially serious fuel shortages.

Briefly, EEP calls for temporary, or "Rotational" interruptions of service by area circuits, identified by code. For your protection, the area circuits have been kept confidential, available only to Police and Edison officials. Should you wish to

know your individual code area, you may telephone Detroit Edison at 721-3000 or the Wayne County Sheriff at 721-2222. Any citizen with life-support devices in their homes should contact Edison for an exempt status and power will remain uninterrupted.

If critical fuel shortages do occur, electric power will be interrupted for two-hour periods in our area. The interruptions will begin with a 90-second power outage, followed by a ten-minute return of power, before the two-hour outage begins.

Advance scheduling will be attempted with the interruptions being announced via the news media.

Detroit Edison is making every effort to inform and prepare us for any inconvenience caused by these rotational interruptions. It now becomes our duty as

citizens to co-operate in ensuring the safety of our City, should the electrical outages become necessary.

Here are some safety suggestions:

1. Keep your automobile headlights clean at all time for increased visibility.
2. Exercise extreme caution when approaching railroad crossings and traffic signals.
3. Watch closely for school children and other pedestrians while driving at night.
4. Report any serious dangers to health or safety services caused by the interruptions, either to my office or directly to Detroit Edison.

It is our hope these measures will not be needed, but should they occur, your cooperation is vital.

Yours For A Safe Romulus,
William M. Oakley,
Mayor

Recall is citizens' right

By DENNIS FASSETT
Managing Editor

Currently, as in the recent past, the specter of 'recall' has raised its ugly head. Along with the actual recall, or threats thereof, have come the anguished cries of those threatened elected officials.

It seems that most elected officials feel that the constitutional provision for recall has come to be misused by the citizens. The argument coming from those 'public servants' seems to hinge on their feeling that a recall should only be permitted if and when an official has actually been found guilty of misfeasance or malfeasance in office.

It is equally interesting to note, that those same elected officials who apparently fear the prospect of recall, make too small an effort to avoid the situations that could result in their recall.

Admittedly, it may be expecting too much for elected officials of local governmental units to fully understand the fundamental operation of the political process, since most of those part-time law makers have other higher priorities. But, I feel that when the 'hat goes into the ring,' the books on the political process should be dusted off.

To the "it just isn't fair" comments coming from local officials when they find a recall election looming in their futures, I must reply. It is no more unfair for the citizens of a Democracy to seek the recall of elected officials than it is for those same

elected officials to support further limits on the right of the citizens to speak or be represented.

It is no more unfair for the citizens to seek a recall than it is for our elected officials to tell us that they have been elected to make the tough decisions for us, and if we don't like it, we can vote them out of office at the next opportunity.

In the final analysis, the very first recall election ever held, would not have been necessary if the targeted officials had been doing their job properly.

And, doing the job properly means more than just not be guilty of breaking the law.

It is a common phenomenon for elected officials to change following their election to office. The 'hell-bent-for-leather,' fire-breathing political reformer soon discovers some of realities of political life. The view from the top often is obstructed by passing clouds, and sacrifice of principle often is the price paid for his lofty position.

It is for those reasons that the cries of anguish coming from the targeted officials should not be responded to until all the facts are in. But whether the citizens seeking the recall are justified or not, is beside the point.

The constitution of the United States has established that the citizens of this country will be governed only with their consent.

Readers' open forum

School board recall stirs response

To The Editor:

In reply to the recent letters addressed to Open Forum, by Sheldon Chandler and Wilbur Koster (they are the husband and father of school board member Gloria Chandler) I would like to state that in my opinion, 34 years combined free service by the four board members who are the object of the March 4, 1978 recall election, does not in any way justify poor performance of duty to the citizens of the city of Romulus, who elected them.

It would appear that these four board members do not use good judgment, are often uninformed on school matters, do not respect, communicate with, or cooperate with the public. They do not seem to know the meaning of the word frugal in respect to the wise spending of public tax dollars.

The spending of approximately \$7,000 dollars for the re-call election is perfectly justified if one stops to consider that this small sum could easily save the taxpayer hundreds of thousands of dollars; if the recall succeeds.

There are those who have tried to make a political football out of this issue. Shame on them! This is merely the effort of a large group of Romulus citizens to bring about change and improvement in our school system. These people are not concerned with political affiliation. They are only interested in the academic upgrading of our school system, improving communications between the public and the school board, and seeing our money spent wisely.

When the school board gives the taxpayer some quality we will be more than happy to give the board any needed quantity of our money.

Dorothy D. Nesler
Romulus, Michigan

To The Editor:

In reply to a recent letter published in the Open Forum, about 34 years of combined free service by four school board members who are the object of a recall election, I would like to say the following.

If the school system was maintained as a free enterprise, it would now be broke and it's top officials would be asked to resign or face being discharged. No corporation has an open check book. Certain members of the school board seem to think that they do.

I am bewildered as to why top school administrators can be granted a pay increase if the check book is short. How and why did these administrators get a pay increase when the union was negotiating a new contract, and the union was told that there was no money. Are all of our schools being used to full capacity? If not, why did the board vote to build three new ones?

If it is going to cost about \$7,000 to have a recall election, how much more did it cost the taxpayers to have the six elections needed to pass the millage?

Many individuals worked very hard to elect the candidate of their choice in the last city election. There was much disagreement as to who would make the best mayor and council person. On this recall drive I have seen these same individuals cease to bicker and join hands in a common cause, in order that this recall will be successful.

I would also hope that the bickering among school board members will stop, no matter what the outcome of the recall election is. Last year there was a member of the board who was angry because she was not elected to the office of president by her fellow board members. It was this same member that said she would be president before she leaves public office. Serving on the board is not a popularity contest — or is it?

Now for the Roman:
Please make your Open Forum longer as

it is interesting to hear the different viewpoints of my neighbors. This column helps motivate the reader to think of all sides of a given subject.

Postal service hit

To The Editor:

My husband's job requires that he be transferred periodically. In the past 15 years, we have lived in 9 different States, and Romulus, Michigan has the worst mail service we have encountered.

I am new in the community, and make all payments by mail. My neighbors here tell me that upon occasion it has taken up to 3 weeks for a house payment to reach its destination, by mail. This is a deplorable situation!

It is bad enough to have no mail delivered some days, (due to the illness of a mail carrier), and after 5 p.m. delivery other days, but to have payments not in by the due date, due to carelessness through the postal service — that is unforgivable. Sincerely hoping that you will look into the poor mail service situation.

Billie L. Butts
Romulus

To The Editor:
When my husband was hospitalized he was sent a registered letter from Ford Motor Company.

It was never delivered and as a result he was terminated from his employment. At this time we had to fight to regain his job.

Now, I believe this all could have been avoided if our mail was handled properly. If our mail service is going to continue this way, we are moving!

Rozanne Middler

Official statement

Board members' response to recall

To the Editor:

This recall election arises from our efforts to provide a sound educational program for the children of Romulus, maintain financial integrity of the School District, while having to comply with the many laws, rules and regulations governing the operation of a school district.

The members of this Board facing recall have consistently tried to fulfill our responsibilities and to provide policies that were in the best interests of everyone in the Romulus School District, especially the children of the District.

During the past few years our school system has suffered through very difficult financial times. Extremely difficult decisions in reduction of school programs had to be made. These decisions were made with our concern that the school district provide the maximum educational

opportunities for the children of Romulus.

It is regrettable that some of these decisions may have caused hardship to some, but the alternatives were few. We believe that if we had sacrificed the educational interests of the children for other concerns, we would have violated our oath, our trust to the office, and our commitment to education for the children of the Romulus Community Schools.

Mr. Gerald Budd, President
Romulus Board of Education

Mrs. Gloria M. Chandler, Secretary
Romulus Board of Education

Mr. Gordon Silvey, Vice-President

Reflections

Nice 'fat' figure

By JOYCE HAGELTHORN

My friend Irma weighs at least 90 lbs. and every morning when I stop in at the local coffee shop for my morning coffee she is in there complaining about having gained a pound twenty years ago and never having been able to lose it.

People like that are like elephants ... they never forget. Take my husband. In the thirty-five years I've known him he has never gained an ounce, but he can never let me forget that I'm not like him. I keep telling him it's because I've had six kids and anyone knows that a mother of six has to be plumpish, but he points to my friend Irma who has had seven and says it isn't so.

Even my kids have taken up the refrain. "Ah, ah, ah," they will shout at me as I begin to nibble on my second stalk of celery.

The other day I felt this surge of white anger and I threw the whole stalk across the table and caught my husband right in the nose with it.

"That's it," he shouted. "That's absolutely it! If you don't care about how you look then I am going to get out of here."

"Go see Irma," I shouted, and then put my face in my empty plate and began to bawl.

"Grandma, I think you have a nice figure," my little granddaughter said, patting me on the shoulder with her tiny hands.

"Mee too," grinned her brother, Mike, and shoving his mouth full of beef stew he gave me an appraising look. "But you are fat," he said.

That's when I went to Vic Tanny's. Of course they welcomed me.

"Oh my," said the sweet, skinny young thing. "We must measure you and weigh you so that we can see how well we do in six weeks."

"Listen," I said. "I don't want to be weighed nor measured. I just want to get on the bicycle and in that swimming pool and work some of this off."

"Oh no, no, no," she said. "We can't go in the pool until after we have been measured and weighed."

So I let her measure me, and the minute she put the tape around my front she began clucking.

"Come here," she called to her friend. "You won't believe this." Her friend looked at the tape and she, too, began clucking.

"Oh my, she said. "We have our work cut out for us, haven't we?"

"I don't know about you," I told her, "but I am going to just swim a mile a day in the pool."

"Oh my no," the sweet young thing said. "We have to have a regular work up so that we can lose some of that."

I told them I had already flunked the Weight Watchers and that my psyche couldn't stand flunking their work-up program. So I dodged under the tape and ran for the swimming pool where I jumped in and began floating around.

"Hey," yelled the life guard "You can't have floaties on in this pool."

"My, my, clucked the sweet young things, throwing out the long tape and reeling me in.

Well, we shall see. But I know one thing. I'm not going to call Irma my friend until after she has gained another pound that she can't lose!

Bald Eagle Speaks

Not just talk

By BOB AMEEN

The very quality that distinguishes man from members of the animal kingdom — being able to communicate verbally with his fellows — also can be his undoing.

How many times after tragic happenings such as murder, suicide or violence has one heard the comment: "If only he (or she) had talked to someone first" or "If only someone had been able to talk to him (or her) first."

What was implied in either case is, that if communication between the person responsible for death or injury to himself and - or others could have been made, then possibly the tragedy could have been avoided. That alternative surely is a distinct possibility.

In the public school classroom are seen many youngsters with learning deficiencies brought on by lack of communication between their parents and themselves. The same pattern of lack of communication is carried over to the schools where only an alert teacher or administrator can make the difference between learning and not learning.

Possibly, this same type of child or others, find it difficult to communicate with their peers at school or at play, setting up psychological blocks and frustrations that will continue to hamper them all through their adult lives. Again, lack of communication is the underlying cause for the latent troubles of these individuals.

In the area of marriage, verbal communications often spells the difference between a happy household and well-adjusted children all the way down the ladder to complete severance - divorce.

A minister able to communicate with his congregation can perform wonders in contrast to one who is cold, aloof and foreboding. The communicative one is considered friendly, warm and com-

and he is looked up to with awe and respect. A pastor who finds it hard to talk to his parishioners is often viewed with skepticism, even distrust, and few beat a path to his door in times of distress and need.

A teacher who inspires her class with her warmth, her caring about their wants and needs, and whose daily instructional duties are enveloped in her sincerity to lead her charges is one that will succeed to a high degree in her chosen profession.

And instructor who utters only those words that are used to teach his particular course, and who cannot bring it upon himself to discuss in a warm, friendly manner those personal little things his students are interested in and which cause him to deviate from a rigid teaching posture soon finds that he is in the wrong profession. He will find out very shortly that his success will depend directly upon his ability to communicate effectively with his pupils, not only on the subject matter at hand, but on topics concerned with the chores of daily living — the weather, politics, inquires on parents' health, sports, students' viewpoints, etc.

A coach who cannot communicate with his football or basketball team usually finds himself on the end of a long losing streak. A salesman unable to talk to his customers soon finds himself in a different line of work. A lawyer who cannot communicate with warmth and conviction is faced with a dearth of clients and certain failure financially.

The list is endless. It is obvious that communication, primarily verbal, is of the absolute essence in whether the scale of life tips toward success or failure in the lives of members of the human species.

It is one thing for man to have the ability to communicate with his fellow man, but it is another thing to be able to use and implement it effectively.

Health Beat

Murphy's law and stress

By RUSS TUTTLE
Director, Community Relations
Peoples Community Hospital Authority

As we stumble through this adventure called life, it would seem that we ought to do all in our power to avoid those situations of stress which raise the devil with our mental health.

And most of us, I believe, do all we can reasonably to stay clear of those things which elevate our blood pressure or make our tummies churn and gurgle.

Still, there are those events — I'll call them Tuttle's Laws of the Inevitable — which occur from time to time and over which we have no control.

If you own and drive an automobile, you will quickly recognize my first law. Following the hard winter we've experienced, you know that one of your windshield wiper blades is going to quit functioning properly and do nothing more than smudge your windshield to the point that you can no longer see the road ahead. You will further note that inevitably it will be the wiper blade on the driver's side which quits working.

Your passenger is able to clearly to see ahead, while you must navigate by instruments, prayer, and hope.

The second part of this law says that as the blade on the driver's side begins its expiration, the initial malfunction occurs directly in your line of vision. That is, the top and bottom of the windshield will wipe clean, but the area through which your eyes view the road will be blurred. And it doesn't matter that you are 6 feet two or five feet two, the gremlin of wiper blades is flexible and will do his best to frustrate you beyond any hope of redemption.

Another of my inevitable laws concerns itself with driving an automobile. I know you've been through this one. You ap-

proach a traffic signal, and it's red. A car has arrived before you, and is stopped waiting for the light to turn green.

The other driver is not signalling left with his/her turn signal; hence, you make the logical assumption that the other car is going straight through the intersection as soon as the light permits.

But it doesn't always work that way, does it! Oh no, the light changes, and the nincompoop in front of you then decides to alert you to his/her intentions allowing you the privilege of sitting through a second light before you can continue your voyage.

The third of Tuttle's Inevitable Laws finds itself operative in a check-out line in a super market, dime store, or any other merchandizing enterprise where you must make a selection of which line to get in to be assured that you'll get checked out as soon as possible.

I carefully eyeball each of the lines open to my option and then select the one which I'm sure will move the fastest. Perhaps from previous encounters I'm familiar with the checker's speed and agility, or maybe I see the customer in front of me only has a few items and thus I feel confident that it will be no time at all and I'll be outside and on my way home with my small purchase.

Here comes the inevitable law. That customer in front of me will have picked up an item on which there is no clearly marked price — or the price is incorrectly stated on the goods. Sometimes the customer wants to pay for the 39-cent item with a check or credit card, and this situation demands the attention of the store manager (generally a freckled-faced

lad of 17 whose voice is still in the transitional stage).

This adolescent arbiter will purse his lips, rub his right hand over his jaw, say hrm, and then apply his imprimatur to the check or price tag. In the meanwhile, the other lines you could have selected have all dispatched their customers and the checkers are busy talking about last night's party or the latest grandchild.

The fourth law concerns itself with a man and a new necktie. It's one of my all time favorites. Now assume you are going to a fancy, dress-up affair. You shine your shoes to a GI glisten, have a suit cleaned and pressed, get your hair styled, clean your nails, and select a new necktie which perfectly matches the rest of your ensemble. In short, you do those things expected of civilized gentlemen.

One of two things will inevitably happen. As you stand around talking to other guests and you play the role of the sophisticate, you will surely spill some vintage wine on that new necktie. If the law hasn't quite caught up with you, and you manage to get through the cocktail hour without drowning your necktie, be assured that once you sit down to eat you will spill either gravy or soup down the front of that necktie and you'll spend the remainder of the evening trying to cover up your carelessness.

If there ever becomes a demand for neckties worn only once which have a prominent stain on them, I know I can corner the market.

There are spin-offs from my basic laws — I'm sure some of our readers can add to the list. I'd like to hear from you; maybe we can write a book.

Hello up there

ANP Photographer Tom Greenwood got this unusual view when he snapped some students at St. Aloysius Catholic School, 37200 Neville, Romulus, during their celebration of National Catholic Schools Week when they released 250 helium-filled balloons. Included inside the balloons was the name of the student and the name, address and phone number of the school with the instructions to notify school

officials if the messages were found. Two residents of Pennsylvania found two of the detached colored ovals that came down several hundred miles apart and called the school. It was an exciting week and very interesting to receive messages from those who found the balloons many hundreds of miles away, reported Sister Gertrude, principal of the school.

Cooking spree:

Great for a career woman

Many of us take shopping sprees, but have you ever gone on a cooking spree?

Finding time for daily meal preparation may be a problem, especially if you are a career woman, a busy single or a busy house wife. Why not save time by taking an occasional "cooking spree."

When time permits, plan a day to prepare large batches of meat main

dishes. Then make appropriate size servings and freeze until needed. If you choose glass or heavy plastic containers, you can even warm the item in the microwave right from the freezer. A speedy way to a delightful meal.

According to Retha Hankey, home economist for the Michigan Beef Industry Commission: "Some excellent choices for plan-ahead cooking include chili, beef stew, meat sauce for spaghetti, family-

size or individual meat loaves and casseroles, featuring meat with rice, or pasta products." Variety can be added to each meal by using different salads, vegetables or desserts.

Here's a good choice for your first cooking spree.

SUPER SWISS STEAK
2 - 2½ pounds round steak
¼ cup flour
2 tablespoons cooking oil
1 teaspoon salt
¼ teaspoon pepper
1 4-oz. can mushroom pieces, undrained
1 large onion, chopped
1 10½-oz. can condensed tomato soup

Cut steak into six pieces and coat with flour. Brown on both sides in hot oil in large fry pan. Sprinkle with salt and pepper. Add mushrooms and liquid, onion and soup. Cover tightly and simmer on top of range for 1½ to 2 hours. (Note: It also can be baked at 350 degrees for the same period of time.)

This dish can be made ahead, frozen, and then simmered for 30 minutes just before serving. What a quick way to have a good main dish ready.

3910 Howe Road - Wayne

Counterpoint: Haven for area's runaways

By MAUREEN CAMPS
ANP Staff Writer

More than 500 youngsters, most between the ages of 12 and 17, have found haven at the Counterpoint runaway shelter in Inkster since the center opened its doors 1½ years ago.

Those young people have come from as far away as New York and Georgia, but most have been the confused and frightened children of your neighbors right here in Western Wayne County.

A large number of those runaways have been from Inkster, Westland, Wayne, Romulus and Belleville area, Canton and other neighboring suburban communities.

The statistics compiled by Barbara Bergman, community outreach coordinator, span from the founding of the shelter in late July 1976, until Feb. 1 of this year.

The numbers show that 536 youths have come to Counterpoint, and arriving there have been able to stop running. The shelter allows the young people — average age is 14 or 15 — safe temporary lodging while they work with trained staff to explore ways they can resolve conflicts with their families.

They confront the problems by dealing with the reasons that caused the youth to run. Young people arriving at the center must contact their parents within 24 hours.

The shelter is operated through grants administered by the Out-Wayne County Youth Services Coalition. Many persons on the staff are volunteers. The shelter always is open. It is located at 715 Inkster Road, in the building formerly used as a convent by St. Norbert Church.

Counterpoint statistics detail just where those 536 youngsters came from. Records show 36 from Inkster, 39 from Westland, 10 from Wayne, 11 from Romulus, five from Van Buren and Belleville and six from Canton.

Last July, a second youth advocacy program was started by the Out-Wayne County Youth Services Coalition. It is called the Status Offenders Alternative Program (SOAP). The aim of that program was and is to help those young runaways who need a place to go, but for longer than the two week maximum at Counterpoint. These are the youths that are often taken to Wayne County Youth Home for such "status" offenses as truancy, being incorrigible, running away, and other non-criminal delinquent offenses.

The premise is that these youths should not be sent to the youth home simply because there is no other place to put them.

SOAP began recruiting and training foster families in the area to open their homes to the youngsters for a short time, again while counselors worked with the youth and family to either bring about a reconciliation or permanent solution.

Since its inception, SOAP has served the same Wayne County area, particularly Western Wayne County communities listed earlier.

At the moment, a push is on to find volunteers who would be willing to donate some hours to the Counterpoint shelter, Ms. Bergman said.

She and her staff will spend the first three weeks in March accepting applications and interviewing those interested in volunteering for a specific list of positions.

Once volunteers are picked, classes will be held at the end of March to acquaint them with the agency, its goals and structure.

The following are the positions which need to be filled by volunteers:

— Special projects leaders, people who can instruct in one or several craft areas, who have skills in leading discussions, can plan and lead field trips or share other skills with young people. Since residents are at Counterpoint only two weeks, programs can be repeated.

— General house "coverers", needed to regularly assist in supervising the residence, or be on call when needed in an emergency. These volunteers would be involved in the entire range of house activities from cooking to answering the telephone to "just being there" to listen to the young people.

To volunteer, send a note to Counterpoint stating your skills and areas where you would like to contribute, as well as the amount of time you could volunteer.

Volunteers will be asked to commit themselves to a series of three classes consisting of an orientation to Counterpoint program.

Disaster nursing workshop offered

Nurses who are interested in working as Red Cross volunteers in times of disaster can be trained in a Disaster Nursing workshop being offered free of charge Monday 9:00 a.m. to 3:30 p.m. at the Red Cross West regional office, 23400 Michigan Avenue, Village Plaza (at Outer Drive), Dearborn. Registered and licensed

practical nurses will be taught how to administer immediate and continuing emergency care to disaster victims in hospitals, Red Cross shelters, health departments, their homes and at Disaster Relief Headquarters. Participants in the training session should bring their lunch. To preregister, call Red Cross at 274-5450.

Positions available in Youth Corps

Interested 15-18 year olds still have time to apply for summer jobs under the Youth Conservation Corps program, according to State Sen. David A. Plawewski (D-12th District).

Deadline for applying for one of the 1,400 positions available in Michigan this year is March 15. Application details, explained Plawewski, can be obtained through a youth's high school, or by contacting the state Department of Natural Resources, c-o Youth Services Coordinator, Mason Building, Box 30028, Lansing 48909.

"Any youngster who meets the age qualifications and is able to

perform physical work is eligible to participate in the summer program," Plawewski said.

According to the Dearborn Heights Democrat, the YCC offers a working and learning experience in Michigan's out-of-doors. Typical projects include hiking trail construction, timber stand improvement and wildlife habitat improvement.

Participants in the eight-week projects will earn the minimum wage of \$2.65 per hour and work approximately 30 hours per week. Starting date for most of the projects in Michigan is June 25 with completion of the program Aug. 19.

The Associated Newspapers'

Church Page

The Rotating Pulpit

The Rev. E. W. Raimer
Pastor
Tri-City Assembly
of God Canton

The purpose primary of the church

The primary purpose of the church of Jesus Christ is to propagate the Gospel. It also is the purpose of the church to manifest the love of God. The church is referred to in the scripture as the body of Christ. Each Christian has their particular place in the body. The desire of the Lord is that his love should be manifested through the life of each individual member of the church.

When a person accepts Jesus Christ as Lord and Saviour, which is referred to as being born again, he

becomes a new creature in Christ. A new creation. He becomes a member of the family of God. By becoming a new born child of the heavenly King, he or she becomes partakers of his divine nature. The divine nature of God is Love, for the Bible says: "God is Love." If we become partakers of His divine nature, and His nature is love, then it becomes the nature of the child of God to love.

As we partook of the nature of our earthly parents when we were born

into this world, even so we partake of the nature of our Heavenly Father when we are born into the family of God. The divine nature of God is not only love, it is also compassion, mercy, longsuffering, etc.

Sometime ago as I was listening to the PTL Club on television, I heard Jim Bakker, the host of the club, say he had been receiving a number of letters from his listening audience, criticizing him for having some of the people that he had on his program as guests. A number of reasons were given as to why they were not a fit

person to be on his program. It was tearing him to pieces until he decided to talk to the Lord about it. Jim said the Lord told him, "Jim, you love them, I'll judge them."

I thought of the slogan the Greyhound Bus has been using in their TV commercial, "Go Greyhound and leave the driving to us." Then I thought, "Why, God has a slogan for the church (that's you and me). The words seem so fitting for every born again Christian. Jesus is saying to us, 'You love them, and leave the judging to me.' Human nature is so quick to judge. Christians aren't above that, and yet, we ought to be. Why should we be? Because we have been born again. We have become partakers of the divine nature which is LOVE."

I began to think about the Bible, and I said to myself, "You know; I can't find anywhere in the Bible where Jesus ever commanded the church to judge, but He did command the church to LOVE." How true that is. No where in the Bible have you and I received the authority to judge, but over and over we have received the commandment to love.

Jesus didn't save us to judge and condemn one another. He saved us to love one another and to love a world that is lost in sin. God knows that we have enough faults of our own. We don't need to look for them in others. Why, even the Lord Jesus said, "For God sent his Son into the world to condemn the world; but that the world through Him might be saved." John 3:17.

It is a dangerous thing to judge others. The Bible says if we judge another person we condemn our-

selves. Note: Romans 2:1 "Therefore thou art inexcusable, O man, Whosoever thou art that judgest; for wherein thou judgest another, thou condemnest thyself; for thou that judgest doest the same things." Jesus said, "Judge not, that ye be not judged." Matthew 7: 1,2.

You see beloved, this isn't the time to judge. This is the time to love. This is the time to show compassion. This is the time to be merciful." The Bible says: "Blessed are the merciful." This is the time to be tenderhearted. The Apostle Paul exhorts us in Ephesians Chapter 4 verse 32, "And be ye kind one to

another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you." A person is on dangerous ground when they won't forgive. Jesus said, "But if ye do not forgive, neither will your Father which is in heaven forgive you." Mark 11:26

This is the time to show Christian charity to one another. This is the time to be long suffering. Where would we be today if it were not for the long suffering of the Lord? I believe Jesus is saying to you and me today, "YOU LOVE THEM, AND LEAVE THE JUDGING TO ME".

County develops package to generate \$15 million

A package of requests that would generate nearly \$15 million to relieve Wayne County's financial crisis has been submitted to state lawmakers from the county for their consideration.

John Barr, chairman of the County Board of Commissioners, sent the "legislative action program" to 13 state senators and 35 state representatives whose districts cover the county.

"The basic cause of need," he wrote them, "is the fact the county's costs have increased nearly 40 percent in five years while property tax revenues have risen only 15 percent."

As an example, Barr cited the fact that the county's annual criminal

justice system costs for courts, Prosecutor, Sheriff and related programs have jumped from \$40 million to \$80 million during the period.

Wayne County finished last fiscal year with a \$13 million deficit, which required extensive cutbacks in this year's budget.

Failure to realize "significant additional revenues" could force further cutbacks in county services, Barr warned in commenting on the county's appeal to the state.

The county package includes a request for a special \$2,800,000 emergency grant to restore full funding for law enforcement programs. They include the Organized Crime Task Force, the Sheriff's Metro Narcotics Squad,

Helicopter Patrol and Township Road Patrol, plus the Prosecutor's Repeat Offenders Bureau, Consumers Protection Agency and Management Information System.

State reimbursement for \$6.8 million in costs for Circuit and Recorder's Court probation services also is sought.

Another \$3.2 million would be generated by increased fees for various county services such as issuance of marriage licenses.

The package includes a \$1.7 million grant to fund the operating deficit of the Reuther Extended Care Facility at the county hospital for the first half of this year. The Senate-passed grant is expected to be approved by the House "any day now," Barr reported.

The Fogcutter in Ypsilanti

By JOE BENYO

JOE BENYO

Traveling Gourmet

The Fogcutter Restaurant is located at 3011 E. Michigan Avenue, just three miles east of Ypsilanti. But for all you could imagine, you could just as well be walking into an early English atmosphere for the treat of your life.

A well-known actor in all of his television commercials invites you to visit England and see and experience some of the pleasures that some of your ancestors did possibly centuries ago. Well now, you need go no further to visit than the Fogcutter and experience for yourself why this restaurant is catching on so rapidly.

The owner is Howard C. Parsons, and at first glance, his tall, slender build, slightly graying hair and distinguished appearance makes your mind start to wander and visions of a movie star pop into your head.... "He looks just like".... Well, you'll just have to go to the Fogcutter and see for yourself.... this dashing young man who has created a boyhood dream-come true for himself.

Parsons, prior to owning the Fogcutter, owned and operated many of the hoagie shops in the Ypsilanti-Ann Arbor area and by original vocation of developer and builder, he decided to design and build the Fogcutter to remind himself of the time he spent in England.... and how it impressed him so....

Currently a resident of Ypsilanti with his wife, Doris, and son, Vaughn, Howard put the Fogcutter together four years ago, and his rise in the restaurant business has begun to shine brighter and brighter each day.

During World War II Howard served with the 8th Air Force in England and acquired his desire to some day provide to the American people what he loved about England.... and its dining habits.

Many friends and relatives now live in London, including Howard's son Colin, daughter-in-law Pat and granddaughter Lisa. And his yearly trips there combine pleasure with business as Howard visits and observes many of the English restaurants. He also photographs the fronts of some of the pubs for new ideas he might incorporate into the Fogcutter.

Howard has lived in Colorado and Washington

state and graduated from Kinman University in Spokane, Wash., in 1950 with a degree in business administration. And after being in this area since 1951, some 26 years of being a successful and honest businessman has paid off. One of his goals is to increase the challenge of being successful, and the future for the Fogcutter is to redesign the entire interior to a seafood decor, with ships, oceangoing vessels and all the items that make you believe that once left Michigan Avenue, you would truly be in Merry Old England.

The lounge and main dining room accommodate 150 people, with a banquet room that holds another 100 people. The decor includes mahogany tables and captain-style chairs, for comfortable dining. The tablecloths are unique and are in an early English motif. The ceiling is in a rich-looking acoustical tile, designed to keep the noise level at a minimum. Large Tiffany lamps light the Fogcutter, and the wall lighting is done with a coach-style effect that compliments the entire building.

The carpet is multi-colored in shades of rust and gold, and the walls are richly paneled in early English barn board of grey tinctures, with one wall covered in a pattern similar to the tablecloths. The main dining room has heavy beamed, crossbar archways to separate the two sections of the room. And iron lattice grill work also compliments the decor as does the large ship on the main wall of the entranceway. There are old English sailing vessels, ships' wheels, crests and coats of arms and many other interesting works of art.

The chef for the Fogcutter brings some 20 years of planning, and creating some of the world's best culinary delights. Maxine Minnick, formerly a farm girl from Conroy, Ohio, owned the Lighthouse at Clark Lake for four years and was chef at the Viking Steakhouse for 11 years, at the Seafood Image for five years and at Vigo's, Habbs and Rogalles for a period of time.

And her expertise in food preparation is marveled by many other restaurant owners, as well as by satisfied customers who return time and again for her food.

Howard and Maxine purchase only fresh foods, and the seafood is brought in twice a week to insure the quality and freshness.

The lunch menu is from 11:30 a.m. to 4 p.m. every day and includes a smorgasbord of all you can eat for \$2.95 — goulash, pork chops, Salisbury steak, veal cutlets, lasagne, short ribs, barbecued chicken, and salad bar of lettuce, tomatoes, hot and mild peppers, cole slaw, chi-chi beans, and three types of dressing, as well as delicious tapioca pudding. Other menu items are prime rib sandwich (\$4.75), sizzler steak (\$4.25), one-third pound ground round with chips (\$1.35), meat loaf (\$2.75), deep fried or broiled scallops on fried rice (\$3.50) broiled or deep fried perch (\$2.90).

And a variety of sandwiches from grilled cheese (\$1.50) to an open-faced steak sandwich with french fries (\$4.25). Salads range from small green (50 cents) to a large green with ham and cheese (\$3.25) to large green with shrimp (\$3.75) and shrimp cocktail (\$2.75).

The dinner menu starts at 4 p.m. and the smorgasbord of all you can eat for \$4.65 includes salad bar, soup, mashed potatoes and gravy, dressing, french fries, roast beef, ham, barbecued chicken, veal cutlets, chopped sirloin, swiss steak, short ribs and specials. Other dinner menu items include all kinds of seafood — deep fried scallops (\$4.95), frog legs (\$5.75), Alaskan king crab legs (\$7.95) and all kinds of beef steak from ground round (\$4.50), New York strip (\$6.95), London broil (\$6.75) and prime rib (\$7.25) to baby beef liver (\$4.50). There's also beverages — coffee, tea, milk, etc. All types of mixed drinks are available, including most beers, and are moderately priced.

DINNER AT THE FOGCUTTER:

SALAD BAR...crisp green lettuce, juicy red tomatoes, hot and mild peppers, chi-chi beans and the blue cheese dressing was excellent. It was topped off with salad croutons. Superb salad bar, including garlic toast and a soft cheese spread that was delicious beyond words.

BROILED LOBSTER TAILS...Two large Maine tails served with drawn butter and lemon. The fatty white meat was done to perfection, not mushy, and dipped in the butter that was constantly heated by the candle holder, was outstanding.

LONDON BROIL STEAK...A 12-ounce steak marinated in a special sauce, topped off with pieces of mushrooms...Was excellent in quality and freshness. You can really tell the difference between frozen and fresh food, when prepared in such an excellent manner. The sauce tasted somewhat like a barbecue in a mild fashion, and Howard Parsons, with a large grin, explained that it's a trade secret....Secret or not, it was super....

A loaf of freshly baked bread also was brought out on a breadboard, and if you can recall what good homemade bread tastes like...it simply melts in your mouth.

Being very full and contented, I sipped the coffee to discover the brew was very good and mild, no bitter taste at all.

After talking with the Englishman again, I asked for a pina colada, and it went down rather smooth and topped off a perfect evening.

From the outside, the Fogcutter looks like just another place to eat out, but for a treat...for an English treat...for the dashing charm of Howard C. Parsons, and for a chance to see who he really looks like, be sure to bring your autograph book...you'll need it to get his signature....And write yourself a note to tell others about the fantastic English restaurant you have discovered....The Fogcutter.

Bunuel: True artist...Is cinema

By SKIP WENDT

Luis Bunuel at 77 years of age is a remarkable man. He is remarkable because he is a maker of films that to some viewers are ambiguous, as far as our common concept of conventional lineal story structure is concerned. Americans shrug their shoulders and shake their heads and label Bunuel as enigmatic, a definite luxury in this society. Most people in the crowded Friday night audience of the Prudential Town Center Theater voiced critical comments of "I don't understand" and "what is Bunuel talking about anyway?"

Fair enough...But Bunuel is not a literary story-teller as are most of the directors who are using the medium today. He is a true artist; he is cinema. As an artist, Bunuel has brought to the screen his thoughts; his impressions; his feelings and his development as a man in society and life. If you trace his career from, "Un Chien Andalou" (1928) to "Belle de Jour" (1966) to "That Obscure Object of Desire" (1977) you will see one clear evolutionary line as Bunuel develops from personal awareness to social awareness.

You cannot categorize a man like Bunuel; you cannot package him. You can only speak of his films in what they mean to you and you alone. You cannot speak for other people. Therefore, the knowledge and thoughts that are drawn from the images, dialogue and structure of a Bunuel film differ completely with each individual who perceives it.

That is why, in an age of mass productions and standardization, individuals like Bunuel seem like such enigmas. He uses the medium to create his own personal environment which, because of the nature of the medium, he chooses to share with anyone who cares to become involved. Our gut-reaction to oldgut-reaction to that environment will depend upon how we approach it, and the extent and quality of our own intelligence.

Many people approach every film with a set of pre-packaged ideas which can only relate to stereotyped products. Anything new or original tends to provoke a negative response. For true

enjoyment with Bunuel you need a new set of ground rules.

Let us establish from the start that Bunuel films have a freshness of invention. A frankness of gaze, a clarity of expression and a quality of enchantment, that deter us from satisfying ourselves with only their surface value.

The concept of "That Obscure Object of Desire," is basically simple...The age old story of a wealthy older man's obsession with a young attractive girl. The story begins with Mathieu, a rich middle-aged traveler, boarding the Seville-to-Paris train and, upon spotting a bruised and

battered young woman standing on the platform, quickly douses her with a pail of water. Returning to his first-class compartment, he observes that his traveling companions are puzzled by his strange behavior. Explaining that she is "the worst of all women," Mathieu, impeccably played by Fernando Rey, unfolds his tale via flashbacks of his strange odyssey of sexual frustration.

The object of his desire is Conchita, a young beautiful Spanish dancer, who Mathieu first met when she was his maid. Throughout the film Mathieu chases, supports and

finally lives with, this elusive dream. However, stating that if "I gave in, you wouldn't love me anymore," Conchita remains to Mathieu's frustration and exhaustion...a virgin.

Meanwhile, modern day terrorists, hijackers and kidnappers blast away at our violent world trying to find their own concept of personal victory. Consequently they are no more successful in achieving their goal than Mathieu.

Two remarkable gifted performers,

French Carole Bouquet and Spanish Angela Molina, play Conchita, as creatures of both their personalities and their times. It is due to Bunuel's genius that he cast two basically different actresses to play the same role, one chosen for her femininity the other for her sensuality. It is accomplished with such balance and direction that the difference is completely acceptable.

Fernando Rey probably portrays wealth and breeding as well as any actor gives a subtle, perceptive and

sensitive performance in a demanding role.

Production work is all first class: Edmond Richards flawless camera; gorgeous Eastman color; Helene Plemiannikov adroit editing; fine post production work plus the writing genius of Bunuel.

Bunuel not only directs his 34th film, but also wrote the screenplay in a crisp style that makes his images speak as in-

telligently as his characters.

The most engaging aspect of Bunuel's cinematic style is his nonchalance with which he shifts from realism to dreams to symbolism, as though all of them were really the same. He has the ability and talent to look at the absurd, the beautiful and the bizarre with the same detached point of view.

The film is rated R, with subtitles.

JAMES MATHIAS

Prime & Players' success attributed to culinary staff

Much of the success of Eastern Michigan University's new Prime and Players dinner theatre can be attributed to the culinary talents of James Mathias and his staff.

Since the dinner theatre opened Feb. 3, patrons reportedly have enjoyed their gourmet meals, which include quiche lorraine, prime ribs of beef, Rock Cornish game hen and trimmings with fanciful names.

And the man behind these epicurean delights is Mathias, director of Eastern's McKenny Union and conferences. Mathias has taught a staff, whose primary responsibility was to feed scores of residence hall students, the art of preparing fine food from scratch. Then he helped create an atmosphere conducive to prime drama.

"This is fairly sophisticated food service for dinner theatre," Mathias said. "It's more of a gourmet fare than what I would call a traditional dinner theatre. Many dinner theatres are buffet style and the emphasis is on quantity rather than quality. We wanted to give people a quality fare."

Served on Noritake china by waiters and waitresses, Mathias' meal has proved popular with theatre goers, who filled Eastern's Hoyt Conference Dining Center to capacity during the production's month-long run of "Anatol." Many people, he said, came to the campus for the first time to see the show, sample the spread and sip the wine.

"Getting people to the campus is important, but our responsibility once you get them here is to impress them beyond their expectations. It's our job to make them remember it — but remember it well."

Mathias has taken many positive aspects of the many dinner theatres he has attended and made them an integral part of his own. Seating, for example, is intimate, with no table more than 40 feet from the stage. Seating includes many tables for two, with plenty of elbow room

between tables (the room itself has table settings for 80).

"The idea of those private tables is so that you can have that 'intimate experience' with whomever you're with," he said.

Mathias earned his wings putting on a dinner theatre spread at Mercy

College in 1973, where he brought in a professional company and con-

verted an old storage room to start the Dinner Theatre of Detroit.

Students meet drama

Students at Mt. Pleasant Elementary School in Romulus were entertained royally Feb. 16, when a troupe of traveling drama students from Eastern Michigan University paid a call.

Lead by Judy Allen, the company is part of Project DO: Dramatic Outreach, a community service activity of the department of speech and dramatic arts of EMU.

As they were seated in a theater in the round fashion on the floor of the school gym, the students were literally captivated by several short skits and drama presentations.

Many students recognized fables and stories they had read. After the program teachers were given a pamphlet of followup activities to be used in the classroom.

The program was another in a series sponsored by the Mt. Pleasant PTO. The concept of the monthly programs is to provide and expose students to various forms of entertainment.

Other programs have included full-length movies and the Bixby Marionette Players. Charlotte Price and Alice Asher are the program coordinators.

When using dried herbs, make sure to crumble them to release the flavor.

TODAY'S Real Estate

by M. Phyllis Crabtree

It may not have occurred to you, but, for a while in your life your real estate professional may hold the key to your future. Whether you are buying or selling a home, that professional is instrumental in your decision about what is probably the largest investment you will ever make. Choose your real estate professional with care, so that you can place complete trust in him. Choose someone you like. Real estate professionals are in the business of finding out about you. Make sure he or she is someone with whom you feel comfortable as well.

Save yourself the needless worry and concern of selling your home or buying a new one by calling CENTURY 21 COMMUNITY REALTORS, 10675 Belleville Rd. Our professional knowledge will do the rest. You won't save anything by "doing it yourself".... Let us tell you why! Phone 697-2121.

DID YOU KNOW?
A sign on the front lawn — it seems a small gesture when you are selling a house, but it is surprising how many people see it and spread the word.

In the armed forces

Adair finishes navigation course

Airman Larry N. Adair, whose parents are Mr. and Mrs. Gary N. Adair of Center Street, Carleton, has graduated with honors at Keesler Air Force Base, Miss., from the U.S. Air Force technical training course for aircraft navigation systems specialist.

Airman Adair now is trained to install and repair electric equipment and will serve at Little Rock Air Force Base, Ark. Completion of the course earned him individual credit towards an associate degree in applied science through the Com-

munity College of the Air Force.

The airman, a 1975 graduate of Airport High School, attended Monroe Community College.

Also in the armed forces:

Franklin H. Cordts, 21, the son of Mrs. Myrna Cordts of Otter, Belleville, has entered the U.S. Air Force's Delayed Enlistment Program (DEP).

According to S. Sgt. Jim Cole, the Air Force recruiter in Garden City, Cordts will commence four years active duty on June 27, undergoing six weeks' basic training at Lackland Air Force Base, Tex.

The Air Force has guaranteed that Cordts, a 1974 graduate of Huron High School, then will receive avionics instruments systems specialist training, and upon completion be assigned to an Air Force duty station.

Navy Sonar Tech. 3 c. David M. Akans, the son of Mr. and Mrs. David J. Akans of Sheldon Road, and whose wife, Valerie, is the daughter of Mr. and Mrs. Kenneth D. McFall of Sumpter, Road, all of Belleville, recently participated in the combined naval exercises "National Week XXIV" and "Sardinia 78" in the Mediterranean Sea.

He is serving as a crewmember

aboard the frigate USS Thomas C. Hart, homeported in Norfolk, Va.

"National Week" supported "Sardinia 78", an amphibious landing exercise in southern Sardinia, conducted by the Italian Navy and Marines, along with Spanish and U.S. Navy and Marine units. Additional participants included German, British, Canadian and Italian Air Forces, plus Italian, Spanish and U.S. surface ships and submariners.

"National Week" and "Sardinia 78" were merged to further develop coordination and teamwork required for successful multinational operations.

A 1976 graduate of Belleville Senior High School, Akans joined the Navy in June 1976.

First Lt. Douglas L. Eye, the son of Mr. and Mrs. Stelman R. Eye of Bemis Road, Belleville, has graduated from U.S. Air force pilot training at Columbus Air Force Base, Miss., and has been awarded sliver wings.

Lt. Eye now goes to Castle Air Force Base, Calif., for flying duty on the KC-135 Stratotanker and will serve with a unit of the Strategic Air Command.

The lieutenant, a 1969 graduate of Belleville High School, received a Bachelor of Science, degree in dairy in 1976 from Michigan State University, where he was commissioned through the Air Force

Reserve Officers Training Corps program.

His wife, Linda, is the daughter of Mr. and Mrs. Frank P. Broslovick of Gaastra, Mich.

Navy Seaman Appren. Jeffrey E. Eldred, the son of William G. Eldred of Alden Drive, Belleville, recently participated in the combined naval exercises "National Week XXIV" and "Sardinia 78" in the Mediterranean Sea.

He is serving as a crewmember aboard the guided missile cruiser USS South Carolina, homeported in Norfolk, Va.

These multi-national maneuvers began in the Ionian Sea with "National Week XXIV." Elements of the U.S. Sixth Fleet joined units from Italy, Germany, Canada and the United Kingdom for simulated combat operations, emphasizing antisubmarine and air defense, amphibious warfare and logistic support at sea.

A graduate of Belleville High School, Eldred joined the Navy in February 1977.

SR Stewart Girard, a 1976 graduate of Belleville High School, has finished his U.S. Coast Guard basic training at Camp May, N.J.

After spending 10 days at home after basic training, he left for a one year tour of duty at Kodiak, Alaska, when he plans to become a radioman.

He's stationed on the Coast Guard ship Citrus.

Girard plans to further his career in architecture while serving his four-year tour of duty with the Coast Guard. He is the son of Helen Girard, 17416 Savage road, Belleville.

STEWART GIRARD

DOUGLAS EYE

Family car may be \$542 tax deduction

The family automobile could provide a \$542 deduction on 1977 federal income tax forms for some Michigan motorists, according to Automobile Club of Michigan.

"That figure would apply in the case of a person who purchased a new automobile for \$5,500 at the beginning of last year, financed \$3,000 of the purchase price for three years at 10 percent annual interest and drove the car at least 10,000 miles strictly for pleasure," said Auto Club Touring Manager Joseph Ratke.

The 4 percent state sales tax paid on the new car would provide a \$220 deduction, and first-year interest would be \$272, Ratke noted. If the car achieved the federally mandated 18 miles per gallon, it would consume 555 gallons traveling 10,000 miles, with deductible Michigan gas tax of 9 cents per gallon, or \$50.

State gas taxes, sales tax and loan interest on a car are just three allowable deductions for motorists who file the long federal tax form.

Others listed in the Auto Club booklet, "Automobile Income Tax Deductions," include finance charges on purchases of gasoline, oil or accessories; unwillful damage to, or loss of, an automobile not covered by insurance in excess of \$100 per incident and any unreimbursed expenses for charitable services.

Auto Club points out that auto

travel expenses for personal, medical or dental services also may be claimed, if the taxpayer's total annual medical bills exceed 3 percent of gross income. In addition, auto insurance premiums for personal protection medical coverage, along with other medical insurance premium expense, can be deducted up to \$150.

A standard rate of 7 cents per mile, plus any parking fees or tolls, may be used to figure deductions for charitable contributions and personal medical expenses, in lieu of itemizing actual costs.

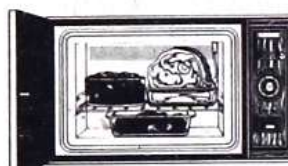

If a car is used for business, the following are deductible, in whole or in part, depending upon the extent of business use license plate and driver license fees, auto insurance premiums, depreciation, cost of a court judgment for damages due to negligent driving by the taxpayer, gas, oil, accessories, lubrication, maintenance and repair charges, loss on sale of automobile, garage rental, parking and toll charges and cost of auto club memberships.

Instead of maintaining detailed records itemizing business costs, a person may take a standard 17-cent-per-mile deduction for the first 15,000 miles and 10 cents per mile in excess of that.

A log should be kept of mileage, parking and toll charges accumulated for charitable, personal or business use.

Award winner

Two CAP Second Lieutenants in the Wayne-Romulus Squadron recently received the Billy Mitchell Award, one of the highest honors given to a cadet in that organization. Named after the aviation pioneer Billy

Mitchell, the honor went to 2nd Lt. BethAnne Farrell, a senior at Romulus High School, and 2nd Lt. Timothy Kudla, a 9th grader at Romulus South Junior High School.

Youths gain highest honor in Air Patrol

Two Romulus youths recently received the Billy Mitchell Award, one of the highest honors bestowed on cadets in the Civil Air Patrol.

Cadets 2nd Lt. Beth Anne Farrell and 2nd Lt. Timothy Kudla were recipients of the award in recognition of their outstanding achievements, according to Wayne-Romulus Squadron Commander, Capt. Matthew Finlayson.

Cadet Farrell has been in CAP for three years and currently is Cadet Deputy Commander and Cadet Aerospace officer. A senior at Romulus High School, she has been in the National Honor Society the past three years and also plays alto clarinet in the high school band.

Presently employed at Wayne Convalescent Center in Wayne, Beth Anne recently took a trip to Florida with 16 CAP cadets on a long range trip and has been on the award-winning State Drill Team for three years.

She has one brother and two sisters and is the daughter of Ralph and Joan Farrell.

Cadet Kudla has been in CAP 2½ years and is cadet executive officer and cadet leadership officer. He is in the ninth grade at Romulus South Junior High and is an honor roll student.

In addition to serving in CAP, Timothy also is in Boy Scouts, where he is assistance junior scout master and earned his Eagle Award at the age of 12.

The son of Mr. and Mrs. Bill Dubois, Timothy has two sisters, one of who will join CAP in June when she enters the seventh grade. His mother, 1st Lt. Sandra Dubois is active in CAP, serving as information officer, for which she received a certificate from Michigan Wing Civil Air Patrol Press Association of Michigan.

In addition, she is deputy commander of the squadron, safety officer and testing officer.

Civil Air Patrol is a nationwide organization made up of volunteers and is best known for its search and rescue operations. It also focuses on aerospace education, leadership, physical fitness and drill formations.

The Wayne-Romulus squadron meets at 7 p.m. each Wednesday at Romulus South Junior High School, 11401 Olive St., Romulus.

It is open to all teen-agers who are in the seventh grade or higher, or at least 13 years old. Further information may be obtained by calling Mrs. Dubois at 721-2579 after 5 p.m.

Now college comes to you with WCCC career mobile

If you can't go to the college, maybe the college can come to you. "Education on wheels" is the idea behind the latest technique used by Wayne County Community College to bring its career information to residents of the large service area it covers.

The 28-foot General Motors bus, specifically designed for providing personal, academic and career counseling, made its debut recently when Red Holman of Red Holman Pontiac in Westland turned the keys over to college officials.

The mobile unit will travel all over the service area on a schedule that is now being formulated. It is designed to be a self-contained career information center.

The career and employment data is available through printed materials, mass media tapes and films, as well as through an instantaneous, computerized system of job placement availabilities. Seminars will also be conducted by staff of the "career explorer."

The unique computerized system matches students and their qualifications with jobs, said Arthur Carver, dean for student services at the college. He explained that the mobile unit is staffed by a director, counselor and guidance assistants to be a roving four-person unit.

Although Wayne County Community College already services residents at 23 different class locations in the county, the mobile unit will make that coverage even more available and flexible, he added.

The purchase of the career explorer was made possible through a

grant from the U.S. Office of Education. The funding allowed purchase of equipment, plus paid for staff salaries.

He said the unit is the first of its kind in the area, after two years of planning.

In addition to having career in-

formation available, residents can get information on other community college courses and services through the roving unit.

Education on wheels

Information on jobs and careers will be driving right into your community, now that Wayne County Community College has launched its "career explorer" bus, packed full of career information and job placement possibilities. The unit will travel through the county service district, bringing the job information to local residents, and even using a computer to match persons with jobs. The bus

came from Red Holman Pontiac in Westland. Getting the program on the road were John Szewc (from left) of the college; dealership owner Red Holman; Dr. Reginald Wilson, Wayne County Community College president; Jim McCartney, college trustee from District 7; and Dr. Thelma Vriend, vice-president of student services at the college. — ANP pjoto.

Mahalak achieves amended HB 4491

State Rep. Edward E. Mahalak (D-38th District) has successfully amended House Bill 4491 to control hospital construction so it would not prevent the building of veterans hospital facilities in the state.

The bill would prohibit certificates of need for hospital construction from being issued in areas with an excess of hospital beds, as determined by the Department of Public Health and the State Health Planning and Development Agency.

The Mahalak amendment exempts state or federal veterans hospital facilities.

"Although I do agree with the intent of the bill, which is to prevent unneeded hospital construction, I was concerned that it might prevent the construction of veterans ad-

ministration hospitals in Michigan. Those facilities are specifically for veterans, and they should not be classed with other hospitals."

Mahalak is chairman of the House Appropriations Subcommittee on Veterans and Military Affairs and was for many years chairman of the House Military and Veterans Affairs Committee.

"There is some question," he said, "as to whether this legislation, as originally introduced, could interfere with Veterans Administration construction in Michigan, such as the planned 550-bed medical and surgical VA Hospital in Detroit, but the possibility exists that it could."

CITY OF ROMULUS NOTICE OF PUBLIC ACCURACY TEST

Pursuant to and by authority conferred upon by the Secretary of State by Section 794C of Act No. 116 of the Public Acts of 1954, as amended, notice is hereby given that a Public Accuracy Test shall be conducted by the Election Commission of the City of Romulus at 2:00 p.m. on Thursday, March 2, 1978, in the Romulus City Council Chambers, 11111 Wayne Road, Romulus, Michigan, for the purpose of certifying the programs to be used in the counting devices which will be utilized to process Absent Voter Ballots in the March 4, 1978, Special Recall Election. Said meeting is open to the public and any concerned citizen may attend.

What's for lunch

Main entrees of oven-fried chicken, hot turkey sandwiches and goulash will be on tap for students in the Van Buren and Lincoln Consolidated School districts.

The menu Monday in Van Buren's elementary schools will be bowls of chili, hot dogs on buns, french fries, cookies and milk, followed by soup, pizza, vegetable, potato chips, pudding and milk on Tuesday.

Next Wednesday the cafeterias will be serving oven-fried chicken, juice, mashed potatoes, bread and butter, cranberry sauce, cake and milk.

Next Thursday's lineup will be spaghetti with meat sauce, vegetable, bread and butter, bavarian and milk, while closing out the week will be a menu of soup, fishwich on buns, tator tots, fruit Jell-O, cookies and milk.

In the junior highs the menu Monday will be bowls of chili, hot dogs on buns, potato chips, fruit, cookies and milk, with juice, pizza, fruit, cake and milk on tap for Tuesday.

The bill of fare next Wednesday

will be Italian spaghetti with meat sauce, with side dishes of vegetable, bread and butter, pudding and milk.

Next Thursday the cafeterias will be serving hot turkey sandwiches, with potatoes and gravy, cranberry sauce, cobbler and milk, while a menu lineup of soup, fishwich, potato chips, cole slaw, cookies and milk will round out the week.

The alternate menu items will be tacos and burritos Monday, Coney Island foot-longs Tuesday, sirlon submarine sandwiches next Wednesday, Belleville burgers with cheese next Thursday and shrimp in a bun next Friday.

And starting out the week in the Lincoln Consolidated School District will be a menu of goulash, buttered green beans, pears, rolls and butter and milk.

Tuesday the menu will be tacos, fruit, buttered corn, cookies and milk, with macaroni and cheese, buttered peas, fruit, rolls and butter and milk on tap for next Wednesday.

Next Thursday the cafeterias will

be serving hamburgers on buns, potato chips, peaches, buttered vegetables and milk, with hot soup, peanut butter and jelly sandwiches, fruit, cookies and milk topping off the week.

'Hinky-dinky, parlez vous'

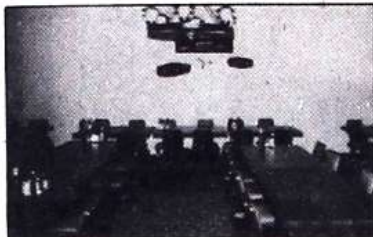

Men and women with a flair for languages can pursue careers in military intelligence, where openings exist for translators and interpreters, according to Army representative S.S.G. Ronald N. Ames.

Linguistic specialists participate in the gathering, analysis, and dissemination of intelligence information. Basic on-the-job training is combined with formal language courses. The applicant then integrates these new skills with the specifics of intelligence work. Training in economics and geography augments study of the new language, and the applicant must also pass a strict character investigation.

Individuals with strong verbal and reasoning abilities, good memories, and an interest in both linguistics and intelligence work are urged to contact Sgt. S.S.G. Ronald N. Ames at US Army Recruiting Station, 3649 Metro Place Mall, Wayne, Michigan 48184. PH: 722-3388.

A day that begins with breakfast cooked and devoured out of doors can't be anything but great! Campers know this... and so do would-be campers!

And the would-be campers are reading the Classified columns of their newspaper every day... looking for the equipment they need to join the growing movement to the great outdoors!

If you have camping equipment you no longer use... or if you've bought a newer, more sophisticated camper, there's a ready market for what's old to you. Tap that market with a low-cost ad in Classified.

Bill protects purchaser of lemon car

A bill to protect consumers who purchase "lemon" automobiles has been passed by the State Senate Judiciary Committee.

The measure, known as the "auto lemon bill" and sponsored by State Rep. Perry Bullard of Ann Arbor, would alter the holder-in-due-course doctrine. The doctrine allows banks to repossess a car, even if it is a lemon, if the car buyer withholds payment in order to get repairs.

Changing the "holder-in-due-course" will give car buyers a legal defense for withholding payment.

"This will give the consumer financial leverage against the few auto dealers who are unscrupulous," Bullard said.

The bill is a repeat of legislation which was defeated by a single vote in the Senate last year. Sen. Anthony Derezinski (D-Western Michigan), who will lead the Senate fight for the auto lemon bill, was pleased with the committee's action.

He said: "A great

deal of effort went into the nearly-successful attempt for Senate passage of this bill in our last session. I feel this year we will be successful, and I am prepared to make the maximum effort for the passage of this badly-needed legislation."

The Federal Trade Commission already has modified the "holder-in-due-course" doctrine, but its regulations are being challenged in court by the National Automobile Dealers Association. As a result, the FTC has recommended that states pass laws similar to Bullard's measure to ensure that consumers are protected.

The bill is strongly supported by the Michigan Consumers Council, United Auto Workers, the Michigan AFL-CIO, and other consumer groups throughout the state.

"The battle lines are clearly drawn on this one," Bullard said. "It's the Michigan Auto Dealers Association versus the auto-buying public."

Blass to host show

Bill Blass personally will commentate a spectacular fashion extravaganza beginning at 11 a.m. March 15 at the Fairline Manor in Dearborn.

Blass's entire spring and summer collections will be shown. The Women's Association for the Detroit Symphony Orchestra and Hudson's are co-sponsors of this fund-raising fashion show and luncheon. All proceeds from the event will go to the Symphony Maintenance Fund.

Tickets are available by contacting the Symphony Office at 961-0700. General admission is \$12 per person; patron is \$25 and benefactor is \$50 and above.

More than 20 door prizes will be given, including the use of a chauffeured Rolls Royce and two tickets for the opening night of the Symphony and a Bill Blass designer outfit.

Tree ecology: program topic

"Tree Ecology" is the title of a special program to be presented at the nature center of Kensington Metropark near Milford on March 12 at 10 a.m.

What turn trees on in spring? What factors determine where and how fast a tree grows? Can trees "kill" other trees? These and other interesting questions about trees will be

explored by naturalist Dave Moilanen as he walks along one of the nature trails.

This 2-hour program is for families and individuals only. Advance registration is required. Vehicle entry permits also are required.

For information or registration contact the nature center of Kensington Metropark at 685-1561 (Milford).

STANDARD FEDERAL SAVINGS OFFERS DAILY INTEREST

And With Quarterly Compounding Our

5.25% = 5.35%

PER YEAR ANNUAL YIELD

An Excellent Return For Regular Passbook Savings!

Your savings in a regular passbook savings account earn a big 5 1/4% interest per year at Standard Federal Savings. Interest is paid and compounded quarterly which increases the annual yield on your account to 5.35%. Withdrawals from your account can be made without advance notice and without penalty. A great way to make your money grow!

Even Higher Interest Certificate Accounts Are Available...

6 1/2% One-Year Savings Certificates*
\$1,000 minimum deposit

You simply keep \$1,000 or more on deposit for 12 months. Interest is paid and compounded quarterly to yield 6.66% annually.

6 3/4% 30-Month Savings Certificates*
\$1,000 minimum deposit

Just keep \$1,000 or more on deposit for 30 months and with interest paid and compounded quarterly, you receive 6.92% annually.

7 1/2% 48-Month Savings Certificates*
\$1,000 minimum deposit

When you deposit \$1,000 or more in our 7 1/2% Certificate Savings Account for 48 months, interest is paid and compounded quarterly to earn 7.71% annually.

7 3/4% 72-Month Savings Certificates*
\$1,000 minimum deposit

To earn the highest rate of interest, deposit \$1,000 or more for 72 months. Interest is paid and compounded quarterly to yield 7.98% annually.

*You can withdraw your money at any time. However, in accordance with federal regulations on all certificate accounts, a substantial interest penalty is required for early withdrawal. The withdrawn funds will lose 90 days interest and in addition the interest on the withdrawn funds will be recalculated from the original term of the certificate at the then-current regular passbook interest rate.

Get An Interest Check Every Month With A Check-A-Month Certificate Savings Account

With a Check-A-Month Savings Account you receive an interest check each and every month without disturbing the principal balance of your account. You can open a six-year 7 3/4% Check-A-Month Certificate Savings Account; a four-year 7 1/2% Check-A-Month Certificate Savings Account; or a thirty-month 6 3/4% Check-A-Month Certificate Savings Account. A deposit of \$5,000 or more is required for each Check-A-Month Certificate Savings Account; but no special even figure is needed!

For newly wed Nollfs

Acapulco is honeymoon site

A week-long honeymoon in Acapulco, Mexico followed the Jan. 7 wedding of Lorel Lee Wolfe and Dale Charles Nollf, both of Belleville. The newlyweds are now making their home at 133 No. Riverview Dr., Apt. 102, in Parchment, Mich.

The First United Methodist Church of Belleville was the setting for the two o'clock nuptial rite

conducted by The Rev. Joy Arthur and Kenneth Nollf. For the double ring rite, the altar was appointed with two seven-branch candelabras, a Christ candle and an arrangement of gladiolas, roses and baby's breath.

Music was provided by Claire Kissel at the organ and Mrs. Nichea Guy of Grand Rapids, the soloist.

Some 150 relatives and friends

witnessed the ceremony which united the daughter of Mr. and Mrs. Roland A. Wolfe of 41910 Savage Road and the son of Mr. and Mrs. Walter Nollf of 326 Edison St. Street, all of Belleville.

Given in marriage by her father, Lorel appeared in a white polyester satin gown which her mother had made. Designed in the empire mode, the bodice featured an oval illusion neckline with a high collar, sheer sleeves and an A-line skirt frosted with appliques of lace to match that which banded the circular chapel train.

Her 3-tiered veil of bridal silk illusion, edged with the same lace, cascaded to fingertip length from a crescent band of satin, ruffled lace and seed pearls. Completing her bridal finery was a colonial bouquet of peach-colored roses, stephanotis and baby's breath accented with trailing English ivy.

The bride chose her college roommate, Laureen Summerville of Marine City, to be maid of honor. Mrs. Kenneth Nollf of Lansing and Kathleen Wolfe of Belleville, sister-in-law and sister, respectively, of the bride, served as bridesmaids.

Identically styled, their peach-colored gowns were designed with halter tops, A-line skirts and lifted bodices topped with floral printed

peach-colored jackets which tied at the bustline.

A close friend of the bridegroom, Alan Summer of Belleville, carried out the duties of best man. Groomsmen were Robin Hook of Belleville and Lawrence Wolfe, the bride's brother from Mt. Pleasant.

At the reception which followed in the Fellowship Hall of the church, Mrs. Wolfe greeted guests in a creme-colored polyester gown with a companion jacket of matching chiffon. Her corsage was comprised of yellow carnations and sweetheart roses. Mrs. Nollf chose for her son's wedding a polyester crepe gown imprinted in shades of blue. She was presented with a corsage of blue-tipped white carnations and sweetheart roses.

The new Mrs. Nollf is a graduate of Belleville High School and Western Michigan University where she affiliated with the Mortar Board Society and Kappa Phi sorority. She is now working as a dietitian's aide at Borgess Hospital in Kalamazoo. Her husband also holds diplomas from Belleville High School and WMU and is currently employed by the J.C. Penney Company in Kalamazoo.

The rehearsal party was hosted by the bridegroom's parents at their home on Edison Street.

MR. AND MRS. DALE C. NOLFF

Blood donors needed for March 6 'bank'

The Red Cross is asking all eligible blood donors to recognize donating blood for exactly what it is — a community responsibility.

Only three percent of all eligible blood donors in this country actually donate blood regularly. That's right! Three percent are providing all the blood available on hospital shelves. Three percent are carrying the load.

If you're wondering just WHO qualifies as being "eligible", here is a simple test. You can usually donate if you answer the following questions with a "no".

1. Do you weigh less than 110 pounds?
2. Have you donated blood in the last eight weeks?
3. Do you have a history of hepatitis? Have you had close contact with anyone having same in the last six months?
4. Have you been pregnant in the last six weeks?
5. Have you had teeth extractions or oral surgery within the past three days?
6. Have you had a smallpox vaccination with two weeks?
7. Are you taking insulin for diabetes?
8. Have you had penicillin within 58 hours?
9. Have you had a definite attack of malaria or been on antimalarial medication in the last three years? If raised in an area where malaria is endemic, did you emigrate in the last three years? Have you been in an area where malaria is endemic in the last six months?
10. Have you had major surgery in the past six months?

Donors must be between the ages of 17 and 66 but 17-year-olds must have written parental consent. Persons on medications generally may donate so long as their general health is satisfactory.

An open blood bank, sponsored by St. Anthony's Church, will be held from 1 to 7 p.m. March 6 in the Fr. Foltz Building adjacent to the church on West Columbia Avenue. Walk-ins are welcome but if you wish to schedule an appointment please call Mary Ann Emerson at 699-7702.

ABWA planning 'Royal Revel'

Huron Valley Charter Chapter of the American Business Women's Association will hold a 'Royal Revel' March 9 at 7:30 p.m. at 74 South Street, Belleville, according to Mrs. Edith Davenport, chapter president.

The 'Royal Revel' theme suggests good luck and good fortune, and promises to be a festive highlight of ABWA new member enrollments this spring.

ABWA Enrollment Events are held semi-annually to introduce ABWA and the local chapter to business women in this area. Throughout this period similar events will be held across the country by more than 1,500 other ABWA chapters.

"The goal of ABWA is to help women in business advance through education, increased competence, and through upgrading of professional skills and business attitudes," Mrs. Davenport said.

The local chapter meets at 6:30 p.m. the first Thursday of every month at Nickerson Farms Restaurant on Belleville Road at 1-94.

Dick Maton from the State Farm Insurance Agency will be the next guest speaker on March 2. This should be a very informative program and all women in business are urged to attend.

The Association, founded in Kansas City, Mo. in 1949, now has

more than 96,000 members. Last year, ABWA chapters throughout the United States and Puerto Rico awarded more than one million dollars in scholarships to women students. In addition, the ABWA national scholarship fund, SBMEF, awarded another \$180,000 in scholarships during the same period. Huron Valley Charter Chapter awarded local scholarships of \$150 each to three worthy recipients last year.

Membership is by invitation only. For further information, interested women may contact Caroline Hesson at 481-0400 Ext. 221, membership chairman, or Hazel Bigham at 697-9126, enrollment event chairman.

disease affects the family, the work, and the capacity of the individual will also be explained.

Session III of the workshop will deal primarily with recovery and support. Methods of treatment, local treatment sources, and the alcoholic's chances of recovery will be discussed. A member of Alcoholics Anonymous will be

The Ypsi Center workshop on alcoholism will be directed by Myra Breakey, Education Counselor for the Washtenaw Council on Alcoholism.

Session I will focus on the substance and physiology of alcohol, its effects on the body, and the "x" factor as a concept of the disease.

The emphasis of Session II will be on the signs and symptoms of alcoholism. The ways in which the

Alcoholism workshop at WCC Ypsi Center

Beginning on Thursday, March 9, WCC's Ypsilanti Center will sponsor a workshop on a subject that directly concerns over 30 million Americans — alcoholism. Alcoholism is the third most serious health problem in American society. Recent statistics indicate that 9-10 million Americans are alcoholics, and that each of these people in turn affects three or four others, usually the members of his family.

present at this session to answer questions.

Session IV will be the film "I'll Quit Tomorrow."

The workshop on alcoholism will be held at the Ypsi Center, 411 Florence Street. Sessions will meet on March 9, 16, 23 and 30 from 7-9 p.m. There is no charge for the workshop. Advance registrations are requested. They may be made by calling 482-2230.

MR. AND MRS. HAROLD C. CULLIN

Family honors parents' 60th anniversary

Sixty years of togetherness were observed Saturday, Feb. 25, when Mr. and Mrs. Harold C. Cullin were feted at a family buffet dinner at the home of their eldest son, Douglas Cullin, and his wife, Shirley, of E. Columbia Avenue, Belleville.

Some 45 guests were expected to arrive from Flint, Ann Arbor, Ypsilanti, New Boston and Belleville for the six o'clock dinner party which included a special cake made and decorated by the honored couple's daughter, Mrs. Frank (Mickey) Maton.

Life-long members of the community, Harold Cullin and Ethel Mary Pierce knew each other from as far back as their school days together at Tyler Road School. The couple married on March 2, 1918 at the home of the bride's parents in Belleville. Their family tree eventually grew to 10 children, an adopted daughter, 22 grandchildren and eight great-grandchildren.

Following their son, Douglas, in the order of their birth were Mrs. James (Virginia) West of Ypsilanti; Mrs. Frank (Marjory or "Mickey") Maton and H. Cameron Cullin, both of Belleville; Mrs. Leo (Barbara) Baumgartner of Sweethome, Ore.; Robert Cullin of Ann Arbor; Mrs. Charles (Madelyn) Mason of Belleville; Gary Cullin of Scio, Ore.; Darwin (Danny) Cullin of Saline, and Mrs. Douglass (Mary Katherine or "Kay") Brow of Flint. Minnie Schultz, who joined the Cullin family at the age of 18, has been with them almost 40 years.

Prior to their "golden years", the Cullins maintained an active, sometimes hectic life, what with their large family and various businesses and activities in which they engaged. Mr. Cullin was with the Ford Motor Company before taking over the management of the Standard Service Station on Main Street in Belleville for some 40 years. He also served overseas in France during World War I as part of the U.S. Army's 31st Light Artillery Division.

A life member of Myrtle Lodge 89, F. & A.M., Mr. Cullin is also a charter member of Huron River Post 4434 of the VFW. He and his wife are also members of the Belleville Area Senior Citizens Club.

Mrs. Cullin's background includes employment at the Bomber Plant during World War II and nursing duties at both Ridgewood and Belvil Community Hospitals. She also owned and operated a convalescent home on Rawsonville Road for some 13 years. Her affiliations include charter membership in Huron River Auxiliary to VFW Post 4434 of which she is the first past-president; Girl Scouts, Cub Scouts and the 4-H Clubs.

Both the Cullins are now enjoying their retirement which centers around visiting and cheering shut-ins and crocheting and sewing for the "lady of the house."

In the community

Birthdays marked at outings

Mr. and Mrs. Clinton Baehr of Savage Road and Mr. and Mrs. Edwin Adiska of Willis dined together recently at Leutheuser's in Saline. The outing marked the birthdays of Mrs. Baehr and both the Adiskas.

To help celebrate the birthday of their grandson, Mr. and Mrs. William Henderson of Belleville Road invited Mrs. Zula Hopson of Belleville Road to join them for dinner on Sunday.

Mrs. Juanita Akers of Liberty Street and her daughter, Irene Warner, were guests of honor at luncheon at Fairlane in observance of their birthdays. Hostess for the occasion was another of Juanita's daughters, Mabel Berry.

Mr. and Mrs. Lloyd Orr now of Crowley Street and their grand-

daughter, Laura Orr of Westland, spent the past weekend in Flint with their son, Larry and his wife.

Mrs. Hilliard Anderson of Belle Villa is at home recovering from foot surgery. Also convalescing from recent surgery is Miss Florence Renton of Haggerty Road.

Marvin Meerse of Liberty Street spent the past weekend visiting friends in New York City, Washington, D.C. and Hampton, Va.

Paul and Mark Riggs, the sons of Mr. and Mrs. Albert Riggs of Haggerty Road, returned home recently from a ski trip to Vermont where they were caught in the East's big blizzard.

At the present time, the Riggses daughter, Connie, is teaching school in Muskegon.

Mrs. Danny Williams of Ormund Drive was the honored guest at a stork shower on Sunday, Feb. 19, at the home of Pat Priele of Columbia Avenue. After the honoree had opened her gifts, a turkey dinner was served by Mrs. Priele and her co-hostess, Linda Stout.

The Daughters of the American Revolution (DAR) met this past week at the home of Mrs. Marion Peters in Ypsilanti. Attending from Belleville were Mrs. Esther

Deering, Mrs. Dorothy Kellas and Mrs. Phyllis Seaman.

Aldine Potter of High Street entertained several friends at dinner on Wednesday. Those joining her were Marcie McDonald, Velma Kulzer, Thelma Young and Mytle Kreie.

Mrs. Ethel Klaiss of River Rouge was an overnight guest on Saturday of Mrs. Margaret Saunders of Liberty Street.

Mrs. Vinton McAtee of W. Columbia Avenue attended the Grundy-Harris Club at the Bronze Wheel on Warren Avenue Sunday. The club is an Eastern Star group comprised of Past Matrons and Past Patrons of the year 1960.

A reception was held on Feb. 17 at the Metropolitan Chapter, Order Eastern Star, (OES) on Schoolcraft Road. Imogene Fetty, Grand Representative to Virginia, and Helen Eubank, Grand Representative of Indiana, OES, were honored. Eastern Star members attending from Belleville were Edna Florian, Lenore Gaddy, Kay Parker and Frances McAtee.

Amos Johnson of Sumpter Road has opened a photograph studio on Sumpter Road near Willis Road. He will specialize in wedding photographs.

For your recipe file

Peachy sour cream dessert

Diced canned peaches parade through new Jell-O peach gelatin in a pre-springtime dessert guaranteed to appeal to the troops right down the line. A sunny salute to the long-awaited warmer weather.

When you drain the peaches remember to save the syrup. You'll need it as part of the liquid in preparing the peach flavor gelatin. Once the gelatin mixture has thickened slightly, measure ¾ cup and set aside. The peaches are folded into the remaining gelatin, spooned into sherbet glasses and chilled until set. It's time to return to the measured gelatin. After beating in a bowl until fluffy and thick, blend in the sour cream and spoon over the peach gelatin mixture in the glasses. Chill until firm, about two hours, and that's all there is to it.

Everything is peachy with this dessert parade. Peachy Sour Cream Dessert adapts to any occasion, but nowhere is it more welcome than as a finale to a quick and easy family dinner.

Peachy Sour Cream Dessert

- 1 can (16 oz.) sliced peaches
- 1 package (3 oz.) peach flavor gelatin
- 1 cup boiling water
- ¼ teaspoon almond extract
- ½ cup sour cream

Drain peaches, reserving syrup. Add water to syrup to make 1 cup. Dice the peaches. Dissolve gelatin in boiling water. Add measured liquid and almond extract. Chill until slightly thickened; measure ¾ cup and set aside. Fold peaches into remaining gelatin mixture. Spoon into 6 sherbet glasses, and chill until set but not firm. Meanwhile, place bowl of measured gelatin in larger bowl of ice and water. Beat with hand beater or electric mixer until fluffy and thick and about double in volume. Blend in sour cream. Spoon over gelatin in glasses. Chill until firm, about 2 hours. Makes about 3-¼ cups or 6 servings.

Peaches on parade

"Eyes right" to a parade of peaches for dessert. Diced canned peaches march through Jell-O peach gelatin to form the base, and sour cream combines with part of the gelatin mixture in a dessert to welcome Spring.

Scholarship applications available

The Belleville Junior Study Club is now accepting applications for its 1978 Genevieve Clark Scholarship

which will be awarded to a single female parent in the amount of \$300. The intent of the scholarship is to

aid a woman (divorced, separated or widowed) who is raising her children alone and who is simultaneously attempting to further her education by studying for a specific career. The scholarship may be used at any college, university or trade school.

The club's guidelines for choosing a recipient are as follows:

1. Must be a single female parent.
2. Must be a resident of the Van Buren school district.
3. Must present proof of admission to a college, university or trade school.
4. Preferably must have a desire to update or train for a specific career.

Those interested in obtaining an application may call Sandra Lauth at 697-0790 or Diane Wilson at 697-4051.

Applications must be submitted by April 15, 1978. The winner of the scholarship will be announced the first week of May. All applicants will be considered equally and anyone meeting the above guidelines is urged to apply.

Girl Scouts enjoy trip to Kellogg's

Girl Scout Troop 369 of Edgemont Elementary School has just completed a successful cookie sale with several girls selling over 100 boxes. Proceeds from the sale help the area council and enable troops to make trips and enjoy camping.

In January the troop took a train ride to Battle Creek and visited the Kellogg factory. Troop leader Kathy Wirts was assisted by Donna Gribble and Jill Karolyi for the day.

Those taking part were Stephanie

Bose, Lisa Currie, Lisa Daroci, Rae Lynn Elirdge, Lee Ann Gribble, Kim Harper and Theresa Harris. Still others were Tricia Karolyi, Kari Larson, Kathy Morris, Dana Stamper, Melissa Trevorrow, Leanne Winnie, Michelle Levitt, Paula Rogue, Laurie Burgess and Susanne Hasse.

On Feb. 16 the girls assisted by serving and clearing tables at the Edgemont School PTO's annual pancake supper.

Anniversary forms available

For those marking wedding anniversaries with celebrations and parties, we have special anniversary forms to fill out. The questionnaires include all the pertinent information needed for putting a story together.

If you are planning to celebrate an anniversary and would like your friends to read about it in The Belleville Enterprise of The Romulus Roman, simply stop by our office at 116 Fourth St., Belleville, or telephone The Suburban Living Editor, Lee Smith, at 697-9191 to have a form mailed out.

MISS CROW

MISS GLINSKI

MISS CLARK

Wedding bells in future

CROW-DINGMAN

The Valentine's Day engagement of their daughter, Cathy Lynn Crow, and Perry James Dingman is announced by Mr. and Mrs. Robert P. Crow of 12260 Hannan Rd., Belleville.

The bride-elect, a 1974 graduate of Belleville High School, is employed at the Ford Motor Company's Rawsonville plant.

Her fiancé, the son of Mr. and Mrs. Stuart W. Dingman of 42037 Expressway, Belleville, resides at 500 Liberty St.,

Belleville. A 1975 alumnus of Belleville High School, he is vice-president of the family business, Dingman Electric Supply of Belleville.

As yet no date has been set for the wedding.

GLINSKI-REITZ

Two Huron High School graduates, Karen Ann Glinski and Robert Keith Reitz, are engaged but have not as yet decided on a wedding date.

The daughter of Mr. and Mrs. Martin Glinski of 19156 Craig

St., New Boston, Miss Glinski earned her diploma in 1977. A graduate of Dawn Beauty College in Flat Rock, she is currently employed at the New Boston Beauty Salon.

The prospective bridegroom, a 1975 alumnus of Huron High, is the son of Mr. and Mrs. Robert Reitz of 27715 Bell Rd., New Boston. At the present time he is working at Shorty's Automatics in Detroit.

CLARK-GOOD

Mr. and Mrs. Robert H. Clark of 8200 Hannan Rd., Wayne, announce the engagement and summer wedding plans of their daughter, Cynthia Ann Clark, and James Bernard Good.

St. Anthony's Catholic Church has been reserved for the young couple's August 5 altar date.

Miss Clark, who is living at 576 Eastern Avenue in Bellefontaine, Ohio, graduated from Belleville High School in 1975 and is now director of sales at the Holiday Inn of Bellefontaine.

The son of Mr. and Mrs. Bernard Good of 15100 Drake St., Southgate, her fiancé is affiliated with John F. Good and Sons, a Better Made Potato Chip distributorship, which is family owned and operated. He is a 1976 alumnus of Southgate High School.

Please include your number

PLEASE include a telephone number with any news item you send in or drop off at the office. Make sure it's a number where you can be reached during working hours (9 a.m. to 4 p.m.) It is important since quite often stories need to be verified or spellings on names have to be checked.

PINCHED NERVES Can Destroy Your Health

Many of the following symptoms of pinched and non-functioning nerves precede more serious disorders.

Leg pains
Indigestion
Tiredness
arm and shoulder pains
itching
Nervousness
Neuralgia
Heart Palpitation
Shortness of breath
Irritability
Sleeplessness
Double vision
Headaches
Chest pains

Neck aches
Hay fever
Stomach upsets
Poor circulation
Backaches
Facial aches
Nervous tension
Dizziness
High blood pressure
Depression
Rectal problems
Bladder weakness
Run-down feeling
Excessive worry
Numbness

This list are but a few of the many signal warnings of diseases in the making...it's the only way the body has of saying "help." DISEASES WHICH MAY RESULT FROM THE ABOVE SYMPTOMS ARE: arthritis - asthma - neuritis - pleurisy - bursitis - heart diseases - hemorrhoids - sciatica - back trouble - colitis, nervous breakdown - paralysis and other ailments. Chiropractic care may result in marked improvement and a complete return of health through the scientific removal of nerve interference. Remember the body cures itself despite all the drugs which may be pumped into it. CALL TODAY

It's a date

'Rock' dance March 4 to benefit Cougars

BELLEVILLE — The Belleville Cougars will present "Rock Around the Clock" from 8 p.m. to 1 a.m. March 4 at the Oddfellows Hall, 970 Savage Road. Music by disco jockey Pat O'Doherty will highlight songs from the 50's and, in keeping with that era, the dress code will be "the 50's." Beer, drinks and pizza will be included in the \$15 per couple admission charge. Singles are also welcome at \$8 per person. Those wishing tickets may call Peg Chizmar at 697-8309 or Linda Baditot at 421-1606. No tickets will be sold at the door.

ROMULUS — Romulus North Little League has scheduled an additional registration date for March 4 from 1 to 4 p.m. at the Romulus Public Library, 11121 Wayne Road. Participants must be 8 to 18 years of age by Aug. 1, 1978. Parents must register players and present a birth certificate as well as a \$20 per family donation. Players must reside within the following boundaries: Van Born Road, north; I-94, south; Inkster Road, east; and Hannan Road, west. For further information, call league secretary Peg Paton at 941-2871 or treasurer Virginia Gray at 728-6411.

BELLEVILLE — The Belleville Past Matrons Club will meet for a 12:30 p.m. luncheon on March 2 at the First United Methodist Church of Belleville. Lenore Gaddy will be hostess for the occasion.

WAYNE — The Wayne Coin Club will sponsor a Coin Show from 10 a.m. to 6 p.m. March 5 at the Wayne Community Center, corner Howe and Annapolis Roads. A bourse, exhibits, door prizes and refreshments will be included. Admission is free and the public is invited.

BELLEVILLE — Belleville Chapter 73, Order Eastern Star, will hold a special conductress night at 7:45 p.m. March 1 (tonight). Lunch will follow.

ANN ARBOR — Singles 25 and up are invited to travel to the American Legion Hall on Main Street on March 7 and join the Tuesday Nite Singles. Dancing from 9 to 12 midnight will feature the music of Joe Walsh.

ROMULUS — A pre-school story hour is being held each Thursday from now through March 23 at the Romulus Public Library, 11121 Wayne Road. Youngsters 3 to 5 years of age are invited to attend either the 10:30 a.m. or the 1:30 p.m. sessions. Please register beforehand at the library or call 941-0775.

WILLOW — The Willow United Methodist Church, 36925 Willow Road, will hold a family style chicken supper starting at 5 p.m. March 8. Carryouts will be available. The public is invited.

BELLEVILLE — The Belleville Business and Professional Women's Club (BPW) will hold its regular meeting at 7:30 p.m. March 6 at Faith United Methodist Church in Denton, corner Denton Road and Michigan Avenue. Interested parties are invited to attend.

BELLEVILLE — An open blood bank will be held from 1 to 7 p.m.

March 6 in the Fr. Foltz Building adjacent to St. Anthony's Catholic Church on West Columbia Avenue. Walk-ins are welcome but if you wish to schedule an appointment please call Mary Ann Emerson at 697-7702. See detailed information elsewhere on the Suburban Living pages.

BELLEVILLE — The American Business Women's Association (ABWA), Huron Valley Charter Chapter, will meet at 6:30 p.m. March 2 at Nickerson Farms Restaurant for its regular monthly session. On March 9 at 7:30 p.m. the ABWA will hold its semi-annual Spring Enrollment Event at 74 South Street. Please 481-0400, Ext. 221 or 697-9126 for further information.

BELLEVILLE — Overeaters Anonymous, Belleville Chapter, meets each Thursday at 7:30 p.m. at the First United Methodist Church of Belleville. Call 697-7445 or 497-9339 for further information.

BELLEVILLE — Weight Watchers conducts two classes each week at Trinity Episcopal Church at the corner of Belleville Road and Venetian Avenue. The first session is at 5 p.m. and the other at 7:30 p.m. each Thursday. Weigh-in time is one-half hour before each meeting. Call 662-6566 for further information.

BELLEVILLE — The TOPS Club of Belleville (Take Off Pounds Sensibly) meets every Wednesday at the Belleville United Presbyterian Church, 11900 Belleville Road. Weigh-ins begin at 6:45 p.m. and meetings at 8 p.m.

EDITOR'S NOTE: It's a Date is open to all local nonprofit organizations free of charge. Information for the column should be submitted by phone or mail by the Thursday before the issue in which it is to appear. Call Suburban Living Editor, Lee Smith, at 697-9191 or mail information to 116 Fourth St., Belleville, 48111. Items must be received by 2 p.m. on Thursday and will be repeated until outdated.)

World Day of Prayer at Episcopal Church set for March 3

Trinity Episcopal Church of Belleville will host this year's World Day of Prayer on Friday, March 3. The service will begin at 1 p.m. with representatives from area churches presenting readings and Pastor John A. Roy of the Assembly of God speaking on the theme, "Community Spirit in Modern Living."

Other churches participating in the service will be St. Anthony's Catholic Church, Belleville United Presbyterian Church, Emmanuel Baptist Church, Pleasant Valley Church of Sumpter, First United Methodist Church of Belleville and the Bethlehem Temple of Sumpter.

Refreshments will be served following the rite and various churches will present informal displays relating to their community activities.

A babysitter will be available in the church nursery during the afternoon.

The public is invited to participate.

Flower class set at WCC

The Ypsilanti Center of Washtenaw Community College will present a workshop on spring flower arranging. Ken Carnes, floral designer with eight years in the floral industry, will instruct.

The basic, intermediate levels of floral arranging will be covered in this workshop. Lectures, demonstrations and labs should provide the student with an excellent first-hand appreciation for this hobby. Please bring several basic containers (low bowls), several types of fresh flowers, a knife and wire cutters. Come prepared to learn and work hard!

The program will be held at the Ypsilanti Center, located at 411 Florence Street, on Saturday, March 11, from 10 a.m. to 5 p.m. The fee for the program is \$15 with senior citizens admitted free. Advance registrations are requested. They may be made by calling 482-2230.

For and about seniors

Rising prices: What costs you the most

By MAUREEN BEATTY

Rising prices, with no relief in sight, remain everyone's concern. Every time we pick up a newspaper it seems, we read that the utilities are asking permission to raise their rates. These utilities usually are granted half of their requested increase, only to ask for much more a short time later. Again they are granted half, and on it goes.

In the same vein, each trip to the grocery store shows an increase in some items, and the price of clothing is way out of line with the quality received.

The average worker is finding it more difficult to save for the future, budget for recreation, or even to make ends meet. Imagine the frustration then that must be felt by our senior citizens living on a fixed income.

Today's question is: "What expense causes the biggest drain on your income?"

Cecilia Griffing, 59, of Westland: "My utilities. Gas bills are terrible. The forms sent out by the government to senior citizens and low income families will be of some help. Seniors should take an interest in this."

Elsie Hapiuk, 57, of Westland: "Taxes. After a person is retired and living on Social Security, taxes should be cut. My children have been out of school for 11 years, but we are still paying school tax."

Bill Grandy, 66, of Westland: "Heat. I had one bill for \$77 dollars. That really hurts. I have shut off two bedrooms in my home, and still my bill goes up."

Mary Goodsir, 71, of Dearborn Heights: "Rent. Last year it was raised \$20 in January and \$25 in October. My security deposit had to be brought up to match."

Ethel Gilboe, 76, of Dearborn Heights: "Rent. It takes my whole pension check to pay my rent. If they raise it again, it will take more."

Roy Grogetsy, 64, of Westland: "Medical. Medical expenses are too high. Next year we will be on medicare and it will help somewhat."

Ann Harrison, 60, of Inkster: "Food. I eat mostly fruits, vegetables and salads, but most people eating meat have much higher grocery bills. I substitute something else for the meat."

Marge Aubrey, 68, of Dearborn: "Utilities. The price we pay for utilities is ridiculous. There should be more control over prices for senior citizens."

And from a non-senior, Yonus Howard, 34, of Detroit: "Car insurance. If you have an accident, rates keep going up, even if it is your fault or not. If it is not your fault, you have to prove it, which is difficult."

Although expenses that cause concern vary from individual to individual, one fact is obvious: "No one I talked with has escaped the sting of today's high cost of living."

Westlanders, Churchill advance to semis

Glenn ousts Wayne from playoffs

By TOM MOORADIAN
ANP Sports Editor

Good Glenn victory.
Lousy basketball game.
That's about the sum of things Monday night when Wayne Memorial unsuccessfully attempted to stall past Westland John Glenn in the first round of the Class A District basketball playoffs held at Livonia Churchill.

Glenn managed to eke out a 20-12 (that's right) victory over their neighborly rivals and advance to the semi-final round. Coach Gordie Davis' Rockets were scheduled to play Wyandotte on Wednesday at 7 p.m.

Meanwhile, Livonia Churchill

edged Lincoln Park in the nightcap, and will meet city rival, Franklin, in the second semis.

The championship at Churchill will be decided Friday, March 3 at 7:30 p.m.

It was the third time this year that Glenn had put down Wayne, but this time it had to overcome Coach Chuck Henry's determined stalling strategy.

After eight complete minutes, the scoreboard had blinked a total of two times. And both times it was caused by Glenn players: Mitch Preston scored on a jumper and Pat McBride drove in for a layup, giving the Westlanders a 4-0 lead.

Glenn returned to its zone and let

March 1, 1978

the Zebras fiddle around until midway in the second period when L.W. Matthews saw the light and bolted up the middle to score the Zebras' first and lonely basket of the half.

Glenn countered with Ed Bates' bucket and when the half ended the teams separated to discuss a 6-2

score.

Any hopes of playing basketball in the third period dissipated when Wayne got the tipoff and began its passing routine.

Darnell Morris gave Wayne some hope when the 6-4 forward hit on a short jumper to close the gap to 6-4. But Glenn's senior center Tom Jurewicz who supplied the Rockets with most of the rebounding strength put in an under the bucket basket, then later sank a free throw to give his teammates the cushion they needed to lie back on.

A feed on a rebound from Bob Boertje to Weam Sabagh provided the Zebras with their final basket of

(Continued on 4th Sports)

The Sports Meridian

'Too late to classify...'

By TOM MOORADIAN
ANP Sports Editor

Jim McPartlin, the gregarious Wayne Memorial head swim coach is lucky that I usually leave this column for "the last".

McPartlin and Wayne are the host for the 1978 Great Lakes 8 Conference swimming & diving championships and the busy mentor forgot his "public relations" duties until the final minute.

"I'm really sorry," pleaded McPartlin, "and I know I'm late, but somehow, somewhere would you get something in about the conference swim championships?"

Notorious with being very prompt with his information, I asked Jim, "How come so late this time?"

"I was at a baptism on Sunday and didn't remember until now," he replied.

Since the presses were about to roll, I didn't wait for further explanation and took the information. Here goes:

"Wayne Memorial will host the 1978 Great Lakes 8 Conference Swimming and Diving Championship on Thursday and Friday. The preliminaries will get underway at 4 p.m. and the finals will be held Friday at 7 p.m. Admission is \$1 on Thursday and \$1.50 on Friday. Wayne, the defending champs, will carry a perfect 12-0 dual meet record into the championship, the first time the Zebras have compiled a perfect dual meet record."

Dear Mr. Mooradian,

Thank you for the nice comments on your column two weeks back, and thank you for putting up with me this season. I have a few final words before we can wrap up the wrestling season; they are about seeding and rattails in the State Finals.

Some past criticism had been directed at the districts' method of seeding, some persons to have assumed that criteria was sublimated to "politics"; part of the thought was that "coaches determine the placement at regional level, the wrestlers don't get a chance until the end of the regional competition to prove themselves". This has been somewhat revised by the limited wrestle-out to four places at district tournaments.

One of the better equalizers has been the double elimination bracketing at the regional level.

One of the best has been the double elimination bracketing at the State Finals.

One of the WORST has been the establishment of the ten district, five region system with rattails at the State Finals.

The loser of rattail competition at State was eliminated from any further competition in the tournament without recourse to a "comeback" via consolation bracket wrestle-backs; this is an unjust setup for anything at this late stage of competition. The place for rattails, where necessary, is at the district level.

Placing the rattail at the State Finals, then filling them with first vs. fourth seeded wrestlers at each quarter bracket without further availability of placement to the loser is, at this high level of competition, whimsical, to say the least.

At District 1 in Ann Arbor, there were 14 teams competing, thus feeding an automatic two byes per weight class, or 26 for the tournament; there were 46 byes at District 1. Far better to have too many competitors for the 16-man bracket, and allow rattails to occur here at this level.

I'm sure great effort went into an attempt at district levels to assume a balanced distribution of competition, but rattailing in the Finals ruins all that had been previously accomplished to even things out.

There has to be a better way.

Thanks for your patience.
Jak Warren

Champs four years in a row

Cherry Hill swimmers swept seven of 11 events on Saturday en route to an unprecedented fourth consecutive Tri-River Conference swimming & diving championship. Members of the team lined up with the championship trophy are: (first row, from left) team manager Phil Flavin, John Pearson, Todd Kill, Doug Bering, Greg Werner, Tim Kalis, Lee Kill, Phil Madaj and Ramon

Lara; second row are assistant coach Jim Pawloski, Mike Barezinski, Ken Puckett, Pat Bolling, Dave Linden, Jeff Wallace, Mike Kulwicki, Eric Wohlfell, Scott Lillie, Bill Lane, Gary Schuler, Leroy Watson and head coach Jerry Pawloski. (Not available at the time of the photo is team member Rick Kogelschatz).

In Willow Run game

Romulus coach lashes out at 'poor officiating'

Romulus cage coach Rod Hanna said he saw officiating at its worst Friday night at Willow Run.

And he intends to speak out about it.

"In the eight years that I have been coaching I have never seen anything like it," Hanna commented after Willow Run shot down the Eagles 72-57. "And I intend to inform the state about it."

One of the calls that angered the rookie Romulus mentor cost him the services of Darryl Lewis who was ejected from the game in the second period for what the officials labeled a flagrant foul.

"Sure it was a foul," said Hanna, "Darryl tried to block a shot and slapped a guy on his hand. I'm not contesting the call - but to eject a player for that?"

"Then, in the third period we lost Darryl's brother, Richard, on a similar call. I couldn't believe it."

Romulus had the lead after one period 12-10, but without one of their mainstays, Darryl, in the lineup, they quickly yielded the lead and trailed 34-24 at the half.

The Flyers put it away with a 21-9 edge in the third period and it was only a matter of time after that.

Despite the controversy, Romulus still managed to get three players

into double figures. John Kersey pumped in 15 points to lead all scorers, while teammates Herb Buckley and Bean accounted for 14 and 11 points respectively.

Romulus shot 41 percent from the floor, making 23 of 56 attempts as compared to Willow Run's 34 of 68 performance which was good for nearly 51 percent.

Romulus and Hanna made their district tournament debut Monday night at Ypsilanti against area rival, Belleville. The Eagles beat Belleville earlier in the season but will find Coach Tom Niemi's Tigers more than ready for them the second time around.

The winner of the Romulus-Belleville game will advance to the semi-finals to play a so-so Temperance Bedford team on Thursday, March 2 at 7:30 p.m.

The championship at Ypsilanti will be decided 7:30 p.m., Saturday, March 4. Ypsilanti is a strong favored to repeat as district as well as regional champ.

Glenn '5' wins in overtime

There are many basketball victories that Westland John Glenn Coach Gordie Davis cherishes. And he undoubtedly will include among those his Rockets' 66-60 overtime triumph over a highly-regarded Livonia Stevenson quintet Friday night.

"It was an excellent victory coming at the right time," Davis said. "We're hoping it will give us the momentum we need for the playoffs. We beat an excellent Stevenson team."

Glenn, cast as the favorite to win the Livonia Churchill district playoff title, launched its bid for the post-season title Monday against Wayne Memorial. The winner of that game takes on Wyandotte on Wednesday (7 p.m.). The championship will be decided on Friday at 7:30 p.m.

The victory raised Glenn's overall record to 18-5 on the season. They coasted to the Northwest Suburban Conference championship with a perfect 6-0 record.

Stevenson made an error by trying to zone the Rockets who opened up with their long range guns. Pat McBride, Ed Bates and Daran Armstrong who paced the Westlanders to an 18-5 lead.

But Coach George VanWagoner's Spartans recovered from the turmoil and regrouped. They managed to come back and trim their visitor's lead to 30-22 before heading into the dressing room.

Armstrong, who directs most of the Rocket traffic, kept the Spartans honest with his jackknife layups while Tom Jurewicz did most of the board work. After three periods, the Westlanders still enjoyed a seven point cushion, 45-38, but then the Livonians came up with some balance in their scoring as Dave Hall, Jack Lang and Steve Pridgen spearheaded a counter-offensive that ended with the game tied at 50-all at the end of the regulation time.

Armstrong pumped in four points, Bates and McBride each sank a basket in the three-minute overtime.

Glenn wound up hitting 53 percent from the floor and 12 of 17 at the foul line.

Armstrong and Bates each had 18 points, but that was three less than Hall's output which was tops for the game. McBride, who sank five field goals and three free throws for 13 points, also was in double figures.

Cherry Hill retains Tri-River cage title

Good fortunes have smiled on Coach Dick McNally and Cherry Hill's basketball season.

And if they don't stop now at the crucial point of the 1977-78 season, the Spartans and their veteran coach may just have enough in them to go all the way in the Class B playoffs.

Though bushwhacked a couple of times, McNally's minions easily retained the Tri-River Conference championship for the second consecutive season.

The champs ended the regular conference season Friday night by embarrassing Melvindale 70-56 for their 10 league win in 12 starts and their 17th triumph in 20 this season.

"We were fortunate this season that we received some very excellent transfer students who

blended in with our holdovers of a year ago," said McNally. "They worked hard and are real deserving of the credit and the championship. We're proud of our team."

Melvindale couldn't keep up with the fast-breaking Spartans who shot their way to a 22-12 first period lead and never looked back. Cherry Hill increased the margin to 43-28 at halftime and McNally let his back-up crew clean up the second half.

Floyd Simmons paced the Spartan scoring attack with 22 points, while Don Calloway added 10 and Tim Corden and Tyrone Jordan, who played less than a half split 20 points between them.

Cherry Hill drew a first round bye in the Class B District Playoffs at Robichaud and will begin shooting for the title Thursday at 7:30 p.m. when the Spartans take on the

winner of the Divine Child and Robichaud game.

Though Divine Child is the defending Class B state champ, the Falcons aren't expected to survive district play.

Earlier in the week Cherry Hill handed first year Romulus coach Rod Hanna his worst defeat of the season as the Spartans buried their visitors 110-85.

Romulus couldn't stop the Jordan or Calloway who tossed in 26 and 19 points, respectively.

Close only the first period (15-12), Cherry Hill broke loose and blinked the scoreboard for 34 points in the next eight minutes to go ahead 49-36 at the halfway point, then finished off the Eagles with a 32-19 third period edge.

Sophomore Vince Bean had an excellent evening for the Eagles. He

was highman for the game with 28 points. John Kersery supported him

with 18, while Darryl Lewis and Herb Buckley each tallied 12.

Grissom's world

Backyard Salmon

By SAM GRISSOM
Outdoor Writer

Starting as soon as the ice goes out, the St. Clair River at Marine City should be the site of the best fishing action since the ice age began last November.

Well within reach of the shore fisherman, the first sunny days after the ice breaks will usually find spring run Coho salmon cruising the shoreline.

Last year many Detroit area anglers caught limit catches while casting small spoons from the shore. The fish seemed to show a marked preference for blue and silver. Little Cleos and Kastmasters were two lures that were very effective.

Trotting along the shoreline, from the mouth of the Belle River north, was very productive last year for the boat fisherman. Light weight spoons, such as the Northport Nailer, Flutterspoon, and Rattlesnakes, rolled 30 to 50 feet behind the down rigger weights produced the best results for me.

For spring salmon it's not necessary to have downriggers. The various diving planners on the market will work quite well. I've used Pink Lady planners, but the early tripped magnetic action of the Dolphin Diver is preferable.

Another thing that works quite well is the use of long

lines with rubber core sinkers. Start with a quarter-ounce of weight placed four-to-six feet about your lure and keep adding weight in quarter-ounce increments until you connect.

One sunny morning last March Lance Hinatsu, Buck Ryder and myself arrived later than we had intended at Marine City. It was 11 before we were able to wet lines. In less than an hour we had several good hits and managed to boat five fish.

Then the wind, which had been blowing steadily from the southwest, shifted around to the east. We then fished from noon until four without marking another fish. Spring fishing for salmon can be either fantastic or pitiful, and it can change either way in a matter of minutes.

An additional plus about fishing at Marine City is the steelhead. The state has planted trout at the mouth of the Belle River and you stand a good chance of tying into a nice steelhead or brown.

Unusually quality fishing will develop as soon as the ice goes out in the spring and will continue for three weeks to a month. Be sure you give it a try. You're not going to find better fishing any closer than this.

Fordson snaps Wayne 10-game victory string

Though they have undisputed possession of first place in the Great Lakes 8 Conference, Wayne Memorial ended the conference season in frustration and in defeat at Fordson last Thursday.

Coach Chuck Henry's Zebras lost a low-scoring 46-36 duel to the Tractors who snapped a 10-game conference Wayne winning streak. It was their first league loss in 1978.

Despite the setback, Wayne compiled a 10-4 record, second best in the league and its best finish in the conference in recent years. The Zebras trailed Taylor Truman in the final standings. Truman won its first conference championship thanks to a 13-1 record, while Fordson and Lincoln Park split third place with identical 9-5 marks.

Wayne had no problem handling Fordson's deliberate style of offense, but personal fouls took its toll early in the fourth period which led to Darnell Morris' premature departure from the close encounter. Morris, who contributed 12

rebounds and four points, was slapped with his fifth foul, leaving the Zebras without their prolific rebounder.

Wayne grabbed a 11-8 first period lead despite the heroics of Mike McIntyre who fired in three long jumpers which gave Wayne Coach Chuck Henry cause for concern.

The Zebras managed to stay ahead most of the second period thanks to Bob Boertje who came off the bench and scored nine points in the first half.

Leading 21-18 at the half-way point, Wayne hit only three of 12 shots in the third period and fell behind 33-27 for three periods and never caught up.

Though Henry neutralized McIntyre by sending in sophomore Darryl Jordan to guard him, while Boertje stopped all-conference forward Bill Cilbuka, holding him to five of 26 shots for the evening, Wayne couldn't make up the difference at the foul line where Fordson hit on 12 of 17 as compared to its

4 of 6 effort.

"The third period also killed us," explained Henry who managed to beat every team in the league at least once except Fordson. "We really lost this game at the free throw line. We shot five in the last two minutes when it didn't really count."

McIntyre, who tossed in eight of 11 from the field - but only one after Jordan took him on - scored 18 points for the evening, the game high. And Cilbuka finished with 13, far below his norm 20 points.

Boertje's 12 points stood up as Wayne's tops and L.W. Matthews also reached double figures with 10 points.

Wayne's 36 points were the lowest output this season by the Zebras who returned to the hardwood Monday night at Livonia Churchill to clash with arch-rival, Westland John Glenn, in the first round of the Class A basketball tournament.

The survivor will meet Wyandotte on Wednesday at 7 p.m. and the championship is set for Saturday, March 4 at 7:30 p.m.

Canton cinches second place, and winning cage season

Though they knew they weren't No. 1 in the league, Plymouth Canton played like it in their season Western Six Conference basketball finale against Walled Lake Western Friday night.

Walloping Western 18-7 to build up a 35-23 halftime lead, Coach Casey Cavel's Chiefs marched on to a 78-61 victory and a second place finish in their conference.

Canton trailed only Waterford Mott whose 8-2 won-lost record earned for it the league cham-

pionship. Canton amassed a 7-3 mark.

"Sure it's disappointing not to win the conference title," said Cavel whose Chiefs met arch-rival, Salem, Tuesday night in their first test of the Class A District Playoffs at Southfield High.

"One of our goals this year was to win the league, but it just didn't pan out. But we still had a winning season," Cavel continued. "We're 11-8 and there's no way for us to wind up a loser."

Shifting to what Cavel labeled a "denial man-to-man" defense in the second period, the Chiefs managed to force Western into a rash of costly turnovers which Butch King, Brent Eckles and Russ Mandle didn't waste.

The trio scored 16 of the 18 second period points between them to break loose from a narrow 17-16 first period lead. The Chiefs then went on to outscore their rivals 24-22 and 19-16 in the last two periods, always holding an eight-point clout over Walled Lake's heads the rest of the way.

King wound up the regular season with another dazzling 20 point performance, the game's high. He tossed in nine field goals and connected on both of his free throws. Eckles also was in double figures with 17, while Mandle chipped in with 14.

of 19 free throws. Churchill connected on better than 50 percent of its shots.

"I really don't know what it was," said Chuck Henry, who is also finishing his first year as head coach at Wayne. "It could have been a combination of things, like losing to Fordson the night before and just not getting up for the game."

Whatever it was, Wayne made a couple of quick turnovers in the third period which enabled the host to jar loose and take a 45-37 edge for three periods. The Chiefs hung on the rest of the way.

Both teams played for the percentage shots the first eight minutes which ended with Churchill holding a slim 9-8 edge. The Chargers stayed in front 26-24 at the intermission, then Dave Krick and Ray Progar opened up with a barrage of basketed aini the third period breaking open the gap.

Krick scored seven of his game high 15 while Progar shoveled in eight of his 12 points in that period. The Chiefs also received 13 points from Craig Hanton and 10 from Walt Kielty who supplied a balanced attack.

Wean Sabagh was the only Wayne player to reach double figures. He had 10.

The victory provided the Livonians with a 12-8 won-lost record for the regular season.

The district championship at Churchill will be determined Friday night at 7:30 p.m.

Churchill warms up for district by beating Wayne

Livonia Churchill warmed up for its Class A District basketball tournament with an impressive victory over visiting Wayne Memorial Friday night.

Churchill, which finished fourth in the Western Six Conference with a 4-6 record, is hosting Wayne, Westland John Glenn, Lincoln Park, Livonia Franklin and Wyandotte for the district which got underway Monday night.

In a "dress rehearsal", Churchill showed that it could be a factor in the playoffs as Coach Fred Price's Chargers subdued Wayne, the second place Great Lakes 8 Conference team, 58-48.

"I was pleased with our performance," said Price who is rounding out his first year as Churchill's head coach. "We beat a very good team."

Wayne, coming off a a league loss to Fordson which cut a 10-game Great Lakes 8 Conference victory string, hit a meager 33.9 percent for the evening. They made 20 of 59 shots from the field and canned eight

Wayne High holds track, field clinic

With the track and field season a couple of weeks away, Wayne head track coach Ernie Righetti will hold a clinic for boys and girls on the elementary and high school level.

The clinic will be held from 9 a.m. until noon, March 11 at the Wayne High gym.

"We'll be stressing fundamentals and physical preparedness," said Righetti whose track teams have been among the best in the Great Lakes 8 Conference. "There is no charge and both Wayne and Westland residents are invited."

Righetti will get some help from Rance Teeple, former all-stater from Cherry Hill who is presently coaching at Eastern Michigan University. Teeple will run the high jump, long jump and discus events, while Righetti will be responsible for the instruction in the long distance runs and sprints.

Wayne holds softball league talks

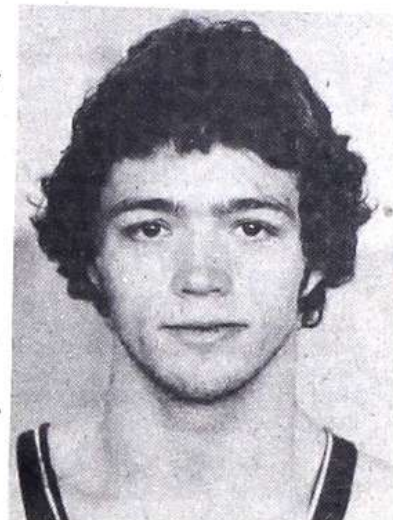

The Wayne Parks and Recreation Department will hold an organizational softball meeting 10 a.m., Saturday, March 4 at the rec. offices located

in the Wayne Community Center, Howe and Annapolis rds.

The meeting is the first step in preparing for the 1978 softball season and is open to residents and team

representatives who wish to enter softball clubs in the 1978 summer leagues.

Further information may be obtained by contacting the recreation offices.

BRAD SMITH

Romulus' Brad Smith is injured

Former Romulus all-stater, Brad Smith, continues to sparkle on the mats as a member of the University of Toledo wrestling team.

Competing in the 142-pound weight class, Smith has run up a total of 21 victories against two losses and one draw so far this year. Two of those 21 victories were pins.

The draw came last Saturday in the Rockets' 29-14 loss to Kent State, when Smith, wrestling with an injured shoulder, fought Milan Yankovich to a 6-6 standoff.

Smith has had an illustrious career at Toledo. Last year, he won the Mid-American title in his weight class, and was an All-American two years ago when he finished fourth in the NCAA tournament.

The UT grapplers currently stand on a 6-2 won-lost record.

District pairings

Here are the semi-final and final rounds of the high school basketball pairings:

AT LIVONIA CHURCHILL
Wednesday, March 1
7:00 p.m. Wyandotte vs. Winner John Glenn-Wayne Memorial

Huron stuns Carlson, 51-50 on Gill's last second foul

Basketball teams that are behind usually don't go into a four-corner offense.

That play is usually reserved for the team that has a few points as a cushion to fiddle around with, deliberating awaiting for the "sure thing."

So, when Carlson came out in the fourth period trailing by four points against Huron, Huron Coach Gene Smith led his counterpart stall 4½ minutes.

"What the heck we were ahead," said Smith after the Chiefs won a thrilling season finale, 51-50. "He was running down the clock and hoping we would make mistakes. He told me later that his big man Beaudie also was in foul trouble and he wanted him in there in the last minutes."

The strategy nearly worked for the visitors who outscored Huron 6-3 in the final minute but lost the conference game when Steve Gill sank the back end of a two-shot foul which stood up as the difference in the game.

Carlson had the Chiefs on the run the first eight minutes of the game when they put 20 points on the board as compared to the host's nine, however, Gene Reitz, Randy Pichan and Smith went to work. The trio spearheaded a rally that lifted Huron to a 35-32 edge at the intermission. The Chiefs maintained the lead after three periods, 48-44.

After stalling for half of the last period, Carlson capitulated on Huron's ineptness at the free throw line and came back to take the lead 50-48, but Reitz' jumper tied the game and Chiefs managed to deflect the inbound ball and scout it over to the fast-breaking Gill who was fouled in the process of shooting. He was awarded two free throws and made one.

Reitz sank 20 points to top all scorers, while Pichan and Smith split 18 points. Kyle DeNeau and Tracy Richardson tossed in 14 and 13 points, respectively, for the losers.

Huron ended the conference season in fourth place, one berth short of its goal, according to Coach Smith.

"We entered the season realizing that Recumseh and Airport just had too much depth for us," Smith commented. "We wanted to finish behind them, however, when you lose four of your five starters, who won 20 of 22 games a year ago, you have to be pretty happy at what you've accomplished."

Huron ended the league year 8-6 and entered the Riverview playoffs with a 13-6 record. The Chiefs are scheduled to meet the winner of the Riverview and Grosse Ile game Wednesday night (March 1) at 8 p.m. and if they survive they'll advance to the championship round scheduled for 7:30 p.m. Friday.

Eagles' Mighty Mites

The Westland Eagles' Mite Hockey Team, sponsored by The Associated Newspapers, has rounded out its first season of action with the Westland Hockey Association. The Eagles finished the regular season with a 9-9-5 won-lost-tied record and goalie Donnie Milligan was credited with five shutouts. Members of the team are (seated from left, first row) Tommy Sullivan, Bobby Schaecher, Joe Corriveau, Donnie Milligan, Marc Corriveau, Todd Price and John Bryant; second row are Coach Mike Reddy, assistant coach Bob Petty, Todd Kerrigan, Kenny Steel, Puffer Reddy, Kelly Eggers, Billy Boote and ANP publisher-owner David Willett. The third row includes Greg Schaecher, Gary Wallo and Micke Statham.

Glenn, Churchill advance

(Continued from 1st Sports)

the third period.

After 24 minutes of ennui, Glenn had a 9-6 lead.

"Our strategy was to stall for three periods and stay within three points going into the final period, then play one period of ball with them," explained Coach Henry. "I feel we were successful in that we managed to stay with them, however, we just never got the lead."

Daran Armstrong, Glenn's golden-hair all-conference junior guard, took matters in his own hands the final eight minutes and scored two decisive baskets and a free throw.

Wayne missed a chance to add to the suspense when it missed a breakaway layup and two ensuing free throws. With 2:07 left, the Zebras dismantled their zone and stall but couldn't whip up enough scoring power to overtake the Westlanders. Matthews got a pair of baskets but the handwriting was already on the wall.

Did Coach Davis anticipate what Wayne had plotted for him and his crew.

"I kind of expected it," Davis said. "They had to try something different, after all, we had beaten them twice before. It's also very frustrating to play that kind of game, because our boys are very active out there. I got to commend my players for the poise they displayed."

It took two periods for Churchill to get started against the Parkers who jumped out in front 31-28 at the halfway point after trailing 10-6 for one period.

Sparked by Craig Hanton's 12 third period points, Coach Fred Price's Chargers outscored their visitors 18-5 in the third period and went on to win 53-48 to qualify for the semi-finals.

"We had trouble getting started against them and their 1-3-1 zone," Price revealed, "so we decided to go after them with a full court press in the third period to pick up the tempo of the game. It worked and the kids got the job done."

Hanton pumped in 11 field goals and four free throws for a career and game high 26 points. He was the only Churchill player to reach double figures.

Salem earns title share

(Continued from 2nd Sports)

"It was a well-earned title," added Thomann. "Believe me."

It was Thomann's fifth consecutive Suburban 8 Conference championship in six years.

Playing little more than a half, Tom Ellinghausen, Mike Christie and Rich Hewlett scored in double figures. Ellinghausen's 22 points equaled Belleville sophomore guard Gary Herndon's output. Christie contributed 16 points while Hewlett shoveled in 15.

Rob Laney joined Herndon, who just may have earned for himself a starting assignment for the playoffs, in the double figure column. Laney pumped in eight field goals and three free throws for 19 points.

Earlier in the week, with Patterson and Burrus in the lineup, Belleville blew a 10 point lead and lost a conference rematch with Edsel Ford 76-70.

"We got sloppy in the fourth period and they went to the foul line and made six crucial free throws," Niemi pointed out.

Tied at 19-all after the first period, Belleville outscored their hosts 17-15 and 24-18 in the middle two frames to take leads of 36-34 and 60-52, but the T-Birds rallied behind 6-10 center Redmond Walsh who fired in eight of his 16 points in the last period to lead the uprising.

Patterson's 23 points were good enough for game scoring honors and Burrus supported him with 12. Herndon counted 14.

Jack's Sporting Center jars Over 30 Hockey leader

Living atop of the Wayne-Westland Over 30 Hockey League finally got to Extra Point Bar.

Since late October of 1977 Extra Point held down the coveted top berth, but last week the previous league leader moved out and the league has a new leader, Four Seasons.

A fast-skating, hard-checking Jack's Sports Center team ambushed the barmen and came away with a 3-2 victory.

Jack's got two first period goals from John Clearwood, while Dave Zajac scored for Extra Point. After a scoreless second period, Don Petere fired in his first goal of the evening to tie it up at 2-all, but Clearwood responded with his third goal with 1:39 to spare to settle the issue. In hopes of retaliating, Extra Point pulled its goalie but the strategy failed and Extra Point slipped for its third loss of the campaign.

Four Seasons has compiled a 15-2-1 record for 31 points, while the now second place Extra Point Bar is close behind with a 15-3-0 mark.

Four Seasons lifted itself into first with a 2-0 shutout of sixth place, Brock Builders. First period goals by Duck Broge and Ralph Tack stood up for the victory and helped goalie Jim Gibson record his fourth shutout of the season.

Meanwhile, Tastee Freeze had assembled eight players for its match with 52nd Show Bar, but they made the barmen sweat before falling 4-2. Phil Cerne, Jerry Grubbe, Ron Wojewski and Jim Auten accounted for goals for the winners, while Mo Pacquette and Paul Zatyko tallied for the Freezers.

The victory kept 52's slim title hopes "alive" as the third place club still has games scheduled with the two front-runners.

In the evening's finale, Huron Valley Total took a two-goal first period lead and never relinquished it as they routed Johnson Carbonic 7-3.

2. In Memoriam

OUR SON "JERRY" is missed so terribly by us and all his buddies. Howard Watkins Family, 34966 Richard St., Wayne.

3. Cards of Thanks

OUR GRATITUDE goes to all the staff at the Ann Arbor Hospital, especially the IMC personnel, to the Doctors Jahan & Ramirez and the others consulted in the care of my wife and our mother Mabel Smith. Also our thanks for the wonderful care and attention she received at the Middlebelt Nursing Center. A special thanks to the UHT's Funeral Home for the kind advice and assistance, for the beautiful organ music and to the vocalist and to the Rev. Anderson for his inspiring message. Also to all the neighbors and friends who called and furnished food and served dinner to the family. Oscar Smith, Ronald Baker & Bonnie Long.

MY DEAREST POIN-DEXTER:
Sorry hon, but I've returned to the BEN FRANKLIN STORE on Saturday - after all I own it - but that skinny white haired stock boy is sure difficult to get along with. This weekend, my dear PoinDEXTER, I'm selling the new PAD PAINTING KIT'S (as seen on T.V.). Their simple to use - no messy clean up. A new painting experience. So PoinDEXTER, buy one from the BEN FRANKLIN STORE and I'll help you paint your chicken coop. ONLY \$3.00 WOW!! Love ya, Lois Virginia.

TOYOTA TRUCK SALE
\$150
Over Dealer Cost

One extra long. Both extra tough. Choose the standard bed or the extra large 7-foot bed. Either way you're in for one tough truck. Both are powered by a responsive 2.2 liter SOHC engine. So you can haul up to an 1100 pound payload, with ease. And because they're Toyotas you know they're quality engineered and built tough - to last! Standard Bed or Long Bed - either way is a tough choice. See them today!

Standard features you don't pay extra for:

- 2.2 liter SOHC engine
- 7-foot bed on Long Bed
- Power-assisted front disc brakes
- Fully transistorized ignition
- Mud flaps
- Electric fuel pump
- Power-boosted 10-thru ventilation
- Zinc-coated muffler
- Cargo tie-down hooks
